

## Third Round of Forums Brings Three New Contenders for Office of Hopi Chairman

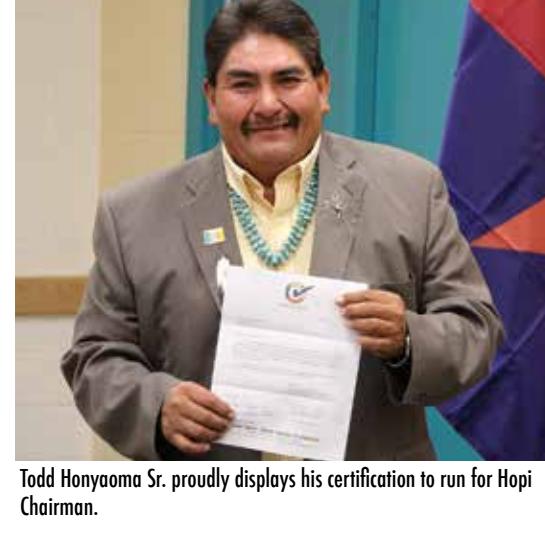

Crystal Dee  
Hopi Tutuvuni

**Todd Honyaoma – Hopi Chairman Candidate**

Todd Honyaoma is a member of the Spider Clan, but was raised by the Water clan of Shungopavi. He is originally from the village of Mishongnovi where his mother is from, however he is an enrolled member of the village of Shungopavi. His education begins at Toreva, where he attended Head Start then went on to Second Mesa Day School. He graduated from Phoenix Indian High School and then attended Central Arizona College where he obtained his certification in Heavy Equipment Operation. Upon his return to the Hopi reservation, he applied to become a Hopi Ranger for 9 years. After nine years as a Hopi Ranger, he became the general manager at the Hopi Cultural Center. Eventually he went into road construction as a Heavy Equipment Operator. In 1996, he was elected as a Tribal Council Representative for Sipaulovi Village where he served four, two year terms. He became Vice Chairman for three years in 2005. After his term as Vice Chairman, he opened a tire repair shop. He has been with his wife Rayma Puhuyesva Honyaoma for 29 years and they have three children. His hobbies are tending to his cattle and farming. He stays true to his Hopi Traditions and culture.

**Q. What current issues do you see facing the Hopi Tribe?**

A. There are a lot of issues at the Tribe and I'd like to see and make sure the Hopi Tribal Council and Chairman are operating properly with resolutions and contracts. Right now my understanding is that a lot of these contracts are open and there are no resolutions. I don't know where the money is coming from to pay these individuals. I practice as a legal advocate at the Hopi Tribal Courts and I'm a member of the Hopi Bar Association. I have seen a lot of Pro-Tem Judges come through. One thing I don't like and appreciate about these judges is having them do arraignments, pre-trials and trials through teleconference. That is disrespectful to the Hopi people. The Hopi Code says that

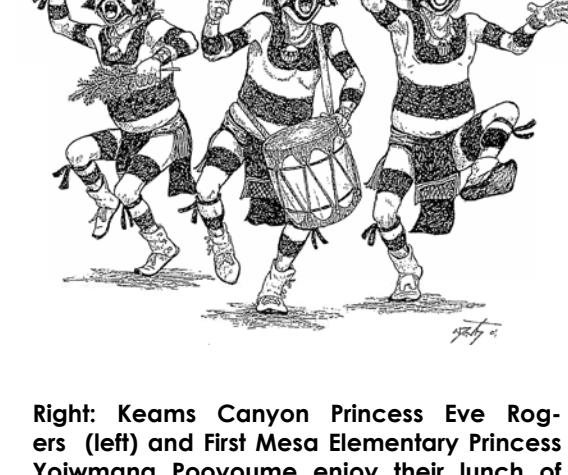

Todd Honyaoma Sr. proudly displays his certification to run for Hopi Chairman.

all defendants shall be present at all stages of the proceedings, so the judges should be present as well. Another issue I have is the new Hopi Code. It's very damaging and basically waiving our sovereignty as the Hopi Tribe and giving a lot of broad authority to Hopi Tribal Courts, Trial Courts and Appellate Courts as far as determining cases on behalf of Hopi tradition and culture. It also gives the Hopi Chairman broad authority to extradite criminals from other states and foreign judgment issues which is dangerous to the Hopi people. Because of this

## Federal Government Shutdown Impacts Hopi Tribal Programs and Services

Louella Nahsonhoya  
Hopi Tutuvuni

According to Hopi Chairman, LeRoy Shingoitewa the federal shutdown has already impacted the Hopi Tribe and tribal services and programs.

"The programs immediately impacted by the shutdown are the TANF program and the Hopi Senom Transit. Late Wednesday afternoon (Oct. 2), we received word from the State of Arizona DES and ADOT that the two tribal programs receiving funds from the State would be impacted immediately, due to the government shutdown," he said.

"When Congress failed to pass the federal budget on Sept. 30, it also failed to pass or reauthorize the Temporary Assistance to Needy Families (TANF) program – formally known as welfare," said Chairman Shingoitewa. "The TANF is a Federal block grant program which the Government gives to States to provide support services for families in need."

Last week, Arizona Governor Jan Brewer said no TANF-welfare checks would be issued due to the government shutdown; however,

er, since that time Governor Brewer changed her mind and issued a directive to continue with the TANF program and services. Families on TANF will continue to receive payments. However, "if the budget is not passed by Oct. 17, and the longer the shutdown continues, it will have a detrimental impact on all federally funded tribal programs," said Chairman Shingoitewa.

On Oct. 2, Tracy Young, Program Manager from the ADOT Transit Programs informed us that they (ADOT) were unaware or were not notified by the Federal Transit Administration that the Arizona Transit Services would also be impacted immediately due to the government shutdown" said Chairman Shingoitewa. "Because of the Federal shutdown, Ms. Young said they cannot process any payment reimbursements for transportation services." Reimbursements from the ADOT Transit program helps keep the Hopi Senom Transit in operation.

"A contingency plan to keep the Hopi Transit Services operational was proposed to the Tribal Council on Wednesday. However, after much discussion, and due to other pend-

ing investigations, the Tribal Council by majority vote, disapproved the contingency plan. The Hopi Transit is therefore closed until further notice," said Shingoitewa.

"The Council is also working on a contingency plan to cover all Contract and Grant programs to ensure services continue uninterrupted. Currently, programs are covered through the end of December by carry over funds and from draw downs. All programs and services are considered critical and we must first look to the welfare and services we provide to our Hopi people. Employees are also a critical component of service delivery. Without the dedication of our employees, services will not be carried out."

"This situation also reveals to us that we need to find other sources of revenue for our Tribe. Currently the only revenue coming in to the Tribe, is from the Peabody Coalmine. Our people have to be willing to look at other natural resources. There are other resources out there that can help generate an income for the Hopi Tribe", said Chairman Shingoitewa.

Other programs and ser-

vices on the Hopi Reservation affected by the Government Shut down are:

- BIA Hopi Agency– All agency employees furloughed; with the exception of the BIA Superintendent Wendell Honanie and Facility Manager Melvin Todacheenie.
- BIE Hopi Schools– All Schools and school services in operation. No furloughs.
- BIE Hopi Agency Line Office – Acting Line Officer Eric North and Business Technician Juanita Benally assigned to Havasupai Schools. All other personnel furloughed.
- BIE Schools Facility Management – Facility Manager Elmer Douma and two other facility management employees on duty. All other BIE facilities management staff furloughed.
- IHS (Indian Health Service-Hopi Health Care) - In full operation. All services available.
- BIA Law Enforcement– All on duty.

### HEEF Welcomes New Board Members at Annual Meeting

Sam Tenakongva  
Hopi Education Endowment Fund

On October 4, 2013, the Hopi Education Endowment Fund (HEEF) held their annual meeting at which they seated eight members to their Board. HEEF President Terry Hines, a renewed member herself, addressed the Board and asked them to join her in welcoming new members Dr. Jeremy Garcia (Sichomovi), Debra Onsae (Moenkopi), Arvis Myron (Moenkopi), Kim Kahe Corkin (Sichomovi) and Ali Gabriel (Tucson) along with renewed members Romalita Laban and Janet Regner. HEEF Executive Director LuAnn Leonard said, "Each of these outstanding individuals were elected to the board based on their skills, background, and commitment to the HEEF. Most importantly they bring great potential and new energy to our organization."

The HEEF also honored and thanked outgoing members Monica Kahe, Gloria

### OPINION

### Hopi Tribe Faces Danger of Losing Federal Programs

Federal programs operated by the Hopi Tribe are in danger of being taken over by the Bureau of Indian Affairs (BIA) and Indian Health Service (IHS) because the Hopi Tribe is seriously delinquent in submitting audits for Fiscal Years 2010, 2011 and 2012. Because of the severity of the problem, the BIA has designated the Hopi Tribe as a "High Risk" tribe and imposed a Level III sanction on the tribe. The BIA Hopi Agency, by federal law, must now take steps to take over these programs and stop all funding to the tribe. Other federal agencies may also pull their funding.

One requirement for receiving federal funding by Indian tribes is to complete annual organization-wide audits (referred to as single audits) within six months of the end of each fiscal year. Audits must be done in conformance with the Single Audit Act and Office of Management & Budget (OMB) rules. When an Indian tribe fails to complete its audits, the federal government takes steps to hold the tribe accountable, including stopping and pulling federal funds, terminating grants, and levying sanctions on the tribe.

The Single Audit Act requires that when a tribe is seriously delinquent in completing its annual audits, federal awarding agencies must take action to sanction the tribe, withhold funding, and terminate the grants. This is why the BIA has issued a Level III sanction on the Hopi Tribe and is not paying the tribe for overhead costs.

The Indian Self-Determination Act requires that when a tribe has serious contract violations, then the BIA and IHS must take over these programs. This is referred to as "Reassumption". And when this happens, all funding for program operations and overhead costs stops; and the tribe cannot legally operate these programs. The BIA Hopi Agency must now start taking over programs contracted under the Indian Self-Determination Act.

This affects programs like tribal courts, child welfare, tribal operations, range and land management, scholarships, education, social services, health and medical emergency services. Tribal staff funded under these programs

New and Renewed HEEF Members L - R: Dr. Jeremy Garcia, Romalita Laban, Ali Gabriel, Arvis Myron, Debra Onsae and Terry Hines.

Lomahastewa, Linda Lomahastewa, Dr. Michael Stevenson, Catherine Wright, Sahmie Wytewa and Dr. Matthew Gilbert. Leonard stated, "Each of these individuals have given tremendous amounts of time, energy and support to the HEEF. Their leadership and commitment to the HEEF and its mission are invaluable and we thank them service to the organization. Each will be truly

missed, but they can take pride in knowing that the work they contributed on behalf of the HEEF has and will continue to create opportunities for future Hopi students."

Other business attended to during the meeting included an update of the HEEF financial portfolio, which is valued at \$20.8 million, reports from committees, officers and staff on program funding and upcoming fundraising events

such as the 2013 HEEF Alumni Challenge.

The HEEF is a Hopi Tribal government non-profit program qualified under section 7871 (a) of the Internal Revenue Service Code. All contributions to the HEEF are tax deductible. ### LETTER TO THE EDITOR

#### Response To Appellate Court Opinion and Order

Undoubtedly all concerned members of the Tewa community have become aware of the Article: Sovereign Hopi and Tewa Villages Reject Hopi Appellate Court Ruling of September 20, 2013 in the Tuesday, October 1, 2013 Hopi Tutuvani.

Not surprising that this type of article was forthcoming. First keep with the flow between the two (Opinion and Order) of the Hopi Appellate Court and the Rejected News Release by Ivan Sidney, Sr., (Soyal Mongwi Spokesman) First Mesa and Ronald Wadsworth, Spokesman, Village of Shungopavi.

The authors of the news article release with their legal representative (Erin Byrnes) attempted to discredit the Hopi Appellate Court decision, having no merit based on their interpretation of the Hopi Tribe's Constitution and

the delegation of authority to community/villages and their hierarchy (leaders).

The Tewa Village members and the Tewa Board of Directors, were never consulted on the Hopi Appellate Order by Ivan Sidney Sr., Ronald Wadsworth or Erin Byrnes regarding their Rejections of the Order, which appeared in the Tutuvani Newspaper.

The Tewa Board of Directors is in total disagreement with the article submitted by Ivan, Ronald and Erin. The Tewa's DO NOT REJECT the Hopi Appellate Court Opinion and order as stated by Ivan Sidney, Sr. It is the Order of the highest Court of Hopi and must be respected and honored.

Respectfully Submitted

Tewa Village Board of Directors

### CALENDAR

#### OCTOBER 2013:

**BREAST CANCER AWARENESS MONTH** – Schedule of events planned from Wednesday, October 2<sup>nd</sup> thru Thursday, October 24<sup>th</sup>. More information regarding all activities, available by calling H.O.P.I. Cancer Support Services at (928) 734-1150, 734-1151, and 734-1152.

**OCTOBER IS NATIONAL DOMESTIC VIOLENCE AWARENESS MONTH.** For more information on scheduled events, call (928) 738-1115

#### Food Handler's Training

Scheduled for October 16, 2013 from 3 – 5 pm at the Hopi Jr. /Sr. High School Auditorium. For more information contact Catherine Wright at (928) 734-3043 or email [cwright@hopi.nsn.us](mailto:cwright@hopi.nsn.us)

#### Hopi Cancer Assistance FREE "Costume Party"

For all cancer survivors, patients and family members on October 17, 2013 at Hopi Day School in Kykotsmovi from 6 – 9 pm. For more information contact (928) 734-1151

#### AZ. Tri-Universities for Indian Education presents Financial Aid Workshop

On October 17, 2013 at the Hopi Wellness Center from 6 pm – 7:30 pm. Come and learn more about financial aid process. #### 2013 Breast Cancer Awareness Month Pink Day Education & Pin Distribution

Monday, October 21, 2013. For location and times of event contact (928) 734-1150

#### Native Community Cancer Support Group Meeting

Scheduled for Thursday, October 24, 2013 from 3 – 5 pm at the North Country Healthcare Center 2920 N. 4<sup>th</sup> St., Flagstaff, AZ. For more information contact (928) 523-8588 or (928) 522-9425

#### Native American Cancer Prevention "Man-Up" Men's Health Session

Tuesday, October 29, 2013 at the Hopi Cancer Support Services in Kykotsmovi from 11 am – 12 noon. For more information contact (928) 734-1151 or 1152

#### Join the 2014 PF Chang Rock 'n' Roll Marathon Team

Sponsored by the Hopi Fitness Center. Encouraging our community to stay active in the Fight Against Diabetes. For more information contact (928) 734-3432

#### 2013 VETERANS DAY EVENTS

"Honoring Our Native Warriors Past and Present"

#### Veterans Day Parade and Observance:

Date: Friday, November 8, 2013

**Veterans Parade:** 9:00 a.m. (Registration and Line-up begins at 7:00 a.m. at the ADOT Yard off AZ Highway 264 milepost 376).

**Veterans Day Observance ceremony:** 10:30 a.m. to 2:00 p.m.

All events will take place at the Hopi Veterans Memorial Center, Kykotsmovi, AZ, 1/4 mile south of AZ State Highway 264, milepost 375.

**Veterans Parade contact:** Carey Onsae at (928) 380-2119. E-mail @ [misshopicommitee@yahoo.com](mailto:misshopicommitee@yahoo.com)

**Veterans Day Observance contact:** Geno Talas at (928) 737-1834 or 1836. E-mail @ [hopivets@yahoo.com](mailto:hopivets@yahoo.com)

**Everyone welcome!** Join us to pay tribute to all our Veterans and Active Duty Armed Forces members. Special performances, chance of winning free door prizes and a meal will be served. All Color Guards invited. Come say "Thank You" to all our Veterans for serving in the United States military.

**Volunteers needed to assist in parking, serving lunch and helping elderly!** The Veterans Day Committee is also requesting donations of side dishes, desserts & yeast bread to serve with the lunch meal.

Hosted by Hopi Veterans Services, VA Outreach Office (Hotovolta), Lori Piestewa Post #80, Miss Hopi Committee and the 2013 Veterans Day Committee.

(Personal loss of property or injuries not the responsibility of Veterans Day committee or Hopi Veterans Memorial Center.)

## FROM THE COVER

### Third Round of Candidate Forums

we are basically waiving our sovereignty and yet we seem to be considered as a sovereign Hopi nation, which we are not through these laws. There are other laws that are dangerous as far as I'm concerned.

#### Q. What are the strengths and weaknesses of the current administration?

A. I don't see any strength in the current administration as I stated earlier, because the Chairman and the Hopi Tribal Council have not been reporting on their activities to the public and we have the right to know what the tribal government is doing. Such as where are they expending our funds and money? They consider this the Hopi people's money's and yet we elected them in there, whether it be the Chairman or Vice Chairman and Tribal Council but they don't let us know. With Shingoitewa's administration, I have not seen any strength but there are a lot of weaknesses that I see as far as following the process and working outside the scope of authority of the Tribal Constitution. When it comes to Council Representatives I feel there should be an equal vote straight across the board, so my plan is to downsize to two representatives and give the other villages that are not represented an opportunity have a representatives on board. I would also like to see the Council disband task teams and initiate committee style because that is what the constitution dictates.

#### Q. What environmental issues are you concerned with?

A. My number one issue is water. I know there are some villages that are getting impacted by arsenic and a lot of these issues have been there prior to my birth. As far as environmental issues regarding solid waste, I know at one time the tribe had cleaned up all the solid waste dump sites and for reasons unknown, the Solid Waste Program was not picking up trash. I think the people were upset and began dumping their trash at the old dump sites. The other issue is the Moencopi water contamination from gasoline and uranium. We need to totally clean that mess up because I would like to see our Hopi People drink clean water.

#### Q. What are your thoughts on the Hopi Tribes current financial issues?

A. Right now, we have no idea where we stand because that information has not been given to the public. I have written a letter to the Tribal Treasurer asking to see the financial information, but he has not responded. I'm aware the Hopi Tribe has filed a law-suit against Wachovia for \$100 million. I did a follow up on that and pulled a resolution and there is no litigation or suits. This is arbitration and I would like to know where the money went and why we're suing them? I understand the Hopi Tribe is filing a law suit against the Office of Trust Fund Management for reasons unknown. If tribal council was giving us this information we wouldn't have to go off hearsay and I wouldn't have to do my own research. I understand the Chairman is doing things verbally without contracts or resolutions. We just gave Rockefeller over \$1.8 million for what? I am trying to seek information from the Tribal Secretary's Office. There are a lot of weaknesses I see in that administration. They are not consulting with the Hopi People.

#### Mike Puhuyesva – Hopi Chairman Candidate

Mike Raymond Puhuyesva was born in Keams Canyon and belongs to the Corn Clan of Hotevilla. His attended Hopi Day School and Hotevilla. He graduated from Sherman Indian High School. He attended Riverside City College and was drafted into the United States Army where he retired from the U.S. Army Corp. of Engineers in 1993. He became the Director of Hopi Solid Waste Program for seven years until 1997. Puhuyesva also worked for the Salt River Pima Maricopa Indian Tribe as a Road and Grounds Maintenance Supervisor. He was also a Supervisor for the Sanitary Crew and Parks and Recreation Crew. After his time in Salt River he moved to Africa where he spent four years working for the Nigerian Government working on their environmental problems and trained the Nigerian people in starting a solid waste program. Upon returning to the Hopi Reservation he became a Hopi Council Representative for two years and then applied for the Solid Waste Director where he currently works.

#### Q. What are your thoughts on the Hopi Tribes current financial status?

A. Right now, I don't think anyone knows what we have as far as our finances are concerned. What we need to do is an assessment overall. I know we are behind in audits ever since way back. It's been a problem for all the former Chairman's and Vice Chairman's. What should happen is they should collect and find out where all the documentation is. We need to correct our filing system.

#### Q. What would you say are the strengths and weaknesses of the current administration?

A: The strengths, but I know we have a lot of weaknesses. I think the main thing is we need to get back to following the policy and procedures that are in place and try not to violate them. We also need to work on communications and try to bring up the morale.

#### Q. What environmental issues do you see facing the Hopi Tribe?

A. We have several that have been out of compliance and our biggest issue is the landfill. When I left here back in 1997, it was a model program. We had everything going and I was meeting with other Arizona Tribes helping them with their issues. The Solid Waste Program has gone through about five Directors since. The Solid Waste Landfill we had went out of compliance and that is what I'm currently working on, but I'm not getting the support from the Administration. Right now we are in modified transfer of operations where we are taking all of our household waste to the Joseph City landfill through Waste Management. Other environmental issues we have is arsenic in the water of First and Second Mesa and Keams Canyon. A couple weeks ago the Environment Protection Act (EPA) fined the Bureau of Indian Affairs programs for non-compliance. I believe the water resource program is trying to get a hold on the arsenic problem. They are trying to get into the N-Aquifer so they can pump the water to First and Second Mesa, but we need to get the input of the people. Another problem that is pending is the waste water treatment in Moencopi, which has gone out of compliance a couple of times. An ongoing problem is the Tuba City landfill which has been going on forever.

#### Q. What are your views on the Hopi Tribes environmental issues?

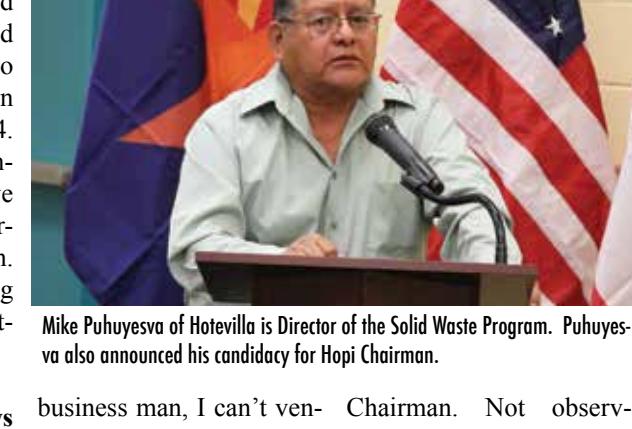

A. The gas and the uranium in Tuba City and the landfill issues have a major impact on the Hopi Tribes environment. Also the arsenic in First and Second Mesa that is affecting people who use the windmill waters for household use. If Peabody can supply water to these affected areas that would be a tremendous asset to our communities.

#### Q. What are your thoughts on the Hopi Tribes financial issues?

A. I know they are having a lot of issues but the ones that should know how much money we have is the Tribal Council. I am a

Tommy Canyon of Lower Moencopi declared his candidacy for Hopi Chairman.

Mike Puhuyesva of Hotevilla is Director of the Solid Waste Program. Puhuyesva also announced his candidacy for Hopi Chairman.

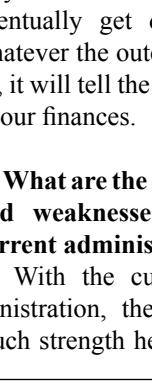

business man, I can't venture into anything unless I know what the stability of the tribe is. I have to know how much money is everywhere being as how the tribe is diversified. I think they maybe too diversified that they don't know where their finances are. Right now they need to draw all of their finances back together so they will know exactly how much they have. The audits will eventually get done and whatever the outcome will be, it will tell the true story of our finances.

Chairman. Not observing what his roles and responsibilities are as the Chairman according to the Hopi Constitution. He's got council doing what he wants them to do. Right now the Chairman is doing for himself and not for the good for the people. The weakness is the Hopi Tribal Council. The tribal council is not using the people, the people is why they are in there. They are not using the people's ideas to enhance or make sure that the villages have economic development. I think we need to empower the villages to do a lot of economic development in the villages.

Q. What are the strengths and weaknesses of the current administration?

A. With the current administration, there is too much strength held by the

VOTE

**TOMMY A. CANYON**

**HOPI TRIBAL CHAIRMAN**

**My name is Tommy A Canyon, Massaw Clan from the Village of Moenkopi. I have lived in the Village of Kykotsmovi for the past 29 years where I have successfully managed the Kykotsmovi Village Store.**

**In everything I have done in my life, I have always given my whole heart; in seeking the Office of Chairman this will be no different. I am a strong believer in the Hopi culture and way of life, it is a hard life but it has taught me to be a fighter. I will always fight for ALL our people.**

**My goal in running for the Office of Chairman is to unite our Hopi/Tewa people and allow their voices to be heard. I would like to see all Villages represented in Council. I want to bring back the respect, honor and leadership to this office. I fully understand the need for jobs and housing on Hopi, this is why I feel we need to start investing our dollars and knowledge in our Villages and our Hopi/Tewa people. Our people are our natural resources. There are a lot of intelligent and successfully Hopi/Tewa people among us that we need to utilize.**

**With the current shutdown of the Government, it should make us realize that we need to be more self-sustaining we need more revenues. We need to be more involved in negotiating our resources with outside entities. What I lack in the knowledge of tribal politics, I make up for in the dedication and desire to do what is right.**

**With this in mind, I urge you all to get out and VOTE! Don't let a hand full of people make the decisions for all. Be assured, if I get your vote, I WILL LISTEN, AND YOUR VOICE WILL BE HEARD.**

#### MIKE R. PUHUYESVA FOR HOPI CHAIRMAN

Lolma, Hopi-Tewa Sinom. My name is Mike R. Puhuyesva. I would like to announce my candidacy for Hopi Chairman. I would also like to share some of my visions with you.

My vision is to re-establish equal representation in the Hopi Tribal Council. We cannot resolve our peoples' needs when we do not allow them to express their concerns. It does not matter if a village has a traditional or democratic form of government in their village, as long as we follow the constitution, policies and procedures, and respect the village's autonomy.

Along with that issue, we continue to say that we want to promote honesty, respect, integrity, and work together in harmony. Although these words are often spoken, we never practice them. I believe our people are tired of these words because now they have no meaning.

Another one of my visions is to promote cooperation, communication, and the opportunity for all villages to

help each other with similar issues. We can accomplish this with shared experiences and knowledge from the people to resolve some of the issues on Hopi.

Most of the issues have been identified for years, but nothing has improved. We take short cuts to Band-Aid the situations, when the major issues still exist. We are currently in a potentially hazardous situation now, and we need to assess the financial issue to see if we can operate without downsizing or limiting services to our people.

With financial crisis looming overhead we also need to determine how we

will generate new revenue for our people.

Overall, my main goal is for us to work together to improve Hopi, and help us move forward. Kwa

## VOTE HONANIE FOR CHAIRMAN

Dear Friends:

I take this time to formally announce my candidacy for the Office of Chairman of the Hopi Tribe Council.

As you know I have been serving as the Vice Chairman for the past three and half years and I have gained much insight into the overall operations of the Hopi Tribal government including the functions of the Hopi Tribal Council and the Task Teams.

The experience and knowledge I have gained is one of the stepping stone to pursue this goal. I will apply the abilities and insight that I have gained to move forward.

Much work is at hand, many challenges face the Hopi tribe and much of the intra-operation of Hopi Tribal government remains to be addressed. Like many towns and cities in our State and Nation, we have similar challenges. It is necessary to work together to seek and apply resources in addressing these needs and challenges.

The Hopi Tribe is a service organization. Past administrations have worked to improve and make tribal government effective and more responsive. In our ever changing world, the goal of enhancing govern-

ment services persist. As servants, our commitment to serve the Hopi/Tewa people must always be foremost, providing courteous, effective and efficient services must be a constant endeavor. I pledge to apply energy, creativity and focus to enhance tribal operations and functions.

There are many educated and resourceful Hopi/Tewa individuals as well as cultural practitioners within our communities whom we need to seek for their knowledge and ideas. Our cultural practitioners keep us grounded and remind us we must maintain a balance between our life of today and the teachings of our elders. Through our combined strength, knowledge and foresight, we can succeed in achieving meaningful changes for the benefit of our people.

My vision is to cultivate and sustain a strong government for the Hopi people. I call upon your expertise and support to help fulfill our goals, leading us towards self sufficiency and growth. We must all encourage one another to achieve a healthier nation. You the Hopi/Tewa people are the stakeholders of this government, your involvement and participation in tribal government will and can lead towards a stronger and responsive tribal government. Through our combined strength, we can succeed in achieving a meaningful change to benefit our people.

I invite you to join me in making this vision a reality. Kwak kwa.

## HEALTH/WELLNESS

### The Journey of Many Miles

By Kassondra Yaiva

Think about this: Just 16 weeks ago you were ready and revved up to begin a journey toward the 100 mile goal. As the 2013 100 Mile Club comes to a close, it's a perfect time to reflect on that journey. Did you reach the goal you set for yourself? Did you face challenges and how did you overcome them? What did you enjoy about the journey toward 100 miles? The old saying, "you don't know where you're going until you know where you've been", is quite fitting at the end of the 100 Mile Club season. Reflecting back on your journey in a meaningful way will provide you with a foundation to continue your exercise routine, and continue on the path to wellness.

All too often our walking and running efforts come to a screeching halt once the 16 weeks of the 100 Mile Club come to an end. Let us make a change in that this year; instead of stopping, let's keep running and walking strong and reach another 100 miles before the end of the year! Anything is possible when you put your mind to it and stay committed. Your body, mind, and spirit will thank you for continuing to move and stay active.

As for this year's program, we have great news to report. A total of 517 participants completed the program, meaning they logged and turned in their miles and reached the 100 mile goal; way to go people! Of those 517 people, 352 are females and 165 are males. Additionally, 64 "completers" have diabetes; completing the 100 Mile Club is an excellent way to manage diabetes successfully! Of those that turned in their mileage, they racked up a total of 88,947 miles in just

16 weeks. Last, but not least, the individual with the most mileage is under the age of 18 and lives on Hopi – he had a total of 1,055 miles! WOW!

A big pat on the back and congratulations goes out to everyone who participated in the Club this year, we're proud of you!

What did you enjoy about the journey toward 100 miles? The old saying, "you don't know where you're going until you know where you've been", is quite fitting at the end of the 100 Mile Club season. Reflecting back on your journey in a meaningful way will provide you with a foundation to continue your exercise routine, and continue on the path to wellness.

As we look forward to the rest of 2013, we encourage you to set new goals for yourself, and also remember that "slow and steady wins the race."

Whether you're trying to lose weight, lower your stress level, or looking for new ways to eat healthy,

each day is a new day to tackle your goals. Take it one day at a time, and always remember your motivation for working toward better health.

Thank you for making this Club successful once again; without your par-

The family that exercises together stays healthy together! Great job!

## Pink Day on Hopi!

Hopi Cancer Support Services

October is celebrated as Breast Cancer Awareness Month (BCAM) every year across the United States of America and on Hopi. The Hopi Breast & Cervical Cancer Screening Program at HOPI Cancer Support Services "kicked" the month off with a pink bang on October 2, 2013.

## VOTE NORMAN HONIE, JR - HOPI CHAIRMAN RESPONSIBLE GOVERNMENT for A BETTER TOMORROW

When I am elected Chairman I will work with and for you to:

- Stabilize Tribal government through Hopi Tribe Organizational Chart adoption, financial reform, adoption of Personnel Policies & Procedures
- Improve Government-to Government relations with Federal, Arizona State, counties, cities & other Tribal governments
- Evaluate and prioritize economic development opportunities for responsible and sustainable development
- Aggressive lobbying of the Department of Interior and other organizations to partner with tribal government for increased funding to construct a new social services facility and shelter for minors in need of care.
- Pursue conversion of Hopi Health Care Center into a full service hospital to meet critical health care needs
- Explore opportunities for collaboration between Tribal Government, BIA Education and AZ Department of Education to improve K-12 education
- Explore partnerships with institutions of higher learning and trade
- schools to prepare students for higher education and job ready preparedness
- Explore partnership with other organizations to expand elderly & youth facilities
- Aggressive lobbying of U.S Government to live up to its trust responsibility to provide adequate law enforcement services and funding for a new facility.
- Aggressive lobbying of the Department of Interior and Arizona Department of Transportation to improve roads system

OUR HISTORY - OUR PEOPLE - OUR FUTURE

meaning in wearing the color pink. It is worn to show support for the WARRIORs who are battling the disease, the SURVIVORs who came through the battle and the ANGELS who lost their lives to this disease. Pink is also worn to support research still going on to find a cure for breast cancer.

The Hopi Breast & Cervical Cancer Screening Program acknowledges BCAM and plans outreach & recruitment events where they promote education & awareness of breast cancer. The next event is called PINK DAY when we encourage people in the Hopi communities to dress in pink attire in order to receive a special pin that signifies BCAM.

In addition to dressing in pink, participants are provided breast cancer education through questions they answer before they receive a pin.

The color pink signifies BCAM and across the country, various events promote this color, even professional foot ball players. There is a special

Every year, the Hopi Breast & Cervical Cancer Screening Program sends out a call for a pin design. This year, the artist is Delridge Koinva from Shongopavi Village. The slogan for the month is "Give Breast Cancer the BOOT!"

Pink Day Education & Pin Distribution will take place on October 21, 2013 at Keams Canyon Store, Polacca Circle M Store, Second Mesa Post Office, Hotevilla Elderly/Youth Center, Bacavi Community Administration and the Moenkopi Senior Center from 11:30 am – 1:00 pm. Pins will also be distributed along with the breast cancer questions at the HOPI Cancer Support Services and Hopi Health Care Center/CHR office beginning at 9:00 a.m. – 4:00 p.m. These are the only two locations having the longer hours.

Those who are in the required solid or mostly pink clothing; shirt, sweater, pants will be eligible to receive a pin.

All Police, Hopi Range Enforcement, Security and Public Health officials in uniform will be accepted with a pink ribbon pin or pink wrist bracelet.

We look forward to seeing the Hopi Communities; PINKEd OUT!

Enrolling now!

Healthcare, business and technology.

## LOCAL NEWS

### HTHA Welcomes New Director, Wayne Taylor

Crystal Dee  
Hopi Tutuvemi

Wayne Taylor Jr. was hired on Sept. 21 as the new Hopi Tribal Housing Authority (HTHA) Director, a position that had been vacant for more than a year. Taylor plans to focus on the organization and hopes to make an impact on the community; and have true customer service for the Hopi people.

"We are in the business of building homes," said Taylor. "That is what I want to do. We've been focused on low income housing, and that is what we want to continue to do. But we also need focus on our Hopi tribal members who are middle and high income. We want to be able to build them homes as well."

Improvement and building infrastructure will be a part of spending and using the \$14 million that had not been used; funds that had been sitting for a number of years with no plans of where and how it will be used. Taylor said the funds need to be spent, but they also need to follow rules and regulations before they can spend it. Taylor is aware that there is an absolute need for housing, but they need to go through the process before they start building.

The Hopi Tribal Council

recently removed HTHA Board of Commissioners and gave oversight to the Vice Chairman and appointed some Council Representatives to assist. The oversight will be until they replace the Board of Commissioners which is an ongoing process.

"I hope the Tribal Council takes their time in screening the prospective Board of Commissioner applicants and do a good job of making sure that we have people that will help support and guide the Housing Authority," said Taylor regarding the Board of Commissioners.

HTHA may be a part of some future projects that are currently in the discussion stages, such as a housing development at Spider Mound. Spider Mound is a Hopi Community on Hopi Partitioned Lands, and they have an interest in developing a community for Hopi members to live there. The other project is the Tawa'ovi Community near Hard Rock. They are currently going through their environment review process that may end soon, once its complete infrastructure work will begin. In the past, HTHA made a commitment to build 18 home at Tawa'ovi.

"I want to have team that shares my vision and attitude in getting things done and to build homes for ev-

ery one of all incomes. We are here to do a job; people who want to roll up their sleeves and get working is a team I want to bring on board," said Taylor.

Taylor is from the village of Shungopavi and comes from the Dawa (Sun) Clan. He attended and graduated from Winslow High School. While at Winslow High School he enjoyed various programs there, such as the running program where he was a part of the state champion team for a number of years. After high school he attended the University of Arizona where he graduated with a Bachelor of Arts Degree in Public Administration.

He has worked for the Hopi Tribe for 20 years

working in the Executive Offices as a Staff Assistant, Executive Assistant and Chief of Staff. He then became the Hopi Chairman for two terms and Hopi Vice Chairman for one term. When his term ended in 2005 he moved to Phoenix and joined Merrill Lynch as a Financial Advisor where he worked for 6 or 7 years.

"I got some good exposure to corporate world and I would like to see what I can do here at Hopi with my experience," said Taylor. "It's going to be good to reconnect with the Hopi Tribal leaders and leaders of other tribal nation."

**Food Handler's Training**

Hopi Tribal Ordinance No. 12 requires that all Food Service Employees, Peddlers, Temporary Food Vendors on the Hopi Reservation are required to possess a current Food Handler's Card.

A Food Handler's Card or Certificate of Training issued by another Tribe, County or other Government Entity is valid on the Hopi Reservation as long as its expiration date does not exceed two years from the date of issuance. There is no fee for this training or the card. Just bring along a pen or pencil.

**Food Handler's Training has been scheduled for:**  
**Hopi Jr./Sr. High School Auditorium**  
**October 16, 2013**  
**3:00 - 5:00 PM**

Any questions you may have in regards to the training may be directed to the Office of Environmental Health @ 928-737-6281

## ANNOUNCEMENTS

### Update on Impacts of Federal Shutdown

Chairman Shingoitewa discussed the Temporary Assistance For Needy Families (TANF) Program being impacted by the shutdown of state funding. The Hopi Senom Transit was also impacted by funds being cut off from the Arizona Department of Transportation. These impacts are the result of the stand off in Washington D.C. over the inability of the House to pass a Continuing Resolution. October 17<sup>th</sup> is the deadline for the House to pass the debt ceiling that, if not passed, could cause further shutdowns of Federal programs and departments.

Chairman Shingoitewa also addressed a teleconference with Indian Health Services on Fri, Oct. 4, in which IHS stated that all clinics would stay open and that all commissioned doctors would stay on duty. Some staff would also stay on duty but without pay, however, with the understanding that they would get paid upon the House passing a Continuing Resolution. Chairman said a large percentage of employees are still working at IHS.

Discussion as to the Navajo Nation's plans to start development on the Confluence project. Chairman said the Tribe needs to 'raise some noise' in response to the Navajo Nation's plans. More press releases need to go out.

HTC plans to address the Hopi Tribe's 2014 Budget in HTC the week of the 21<sup>st</sup> – 24<sup>th</sup>.

### UNFINISHED BUSINESS

#### ACTION ITEM #069-

#### 2013 - Adoption of the

#### Hopi Ranger Enforcement Services General Orders - Ronald Honan

#### Honyumptewa.

On Tuesday, Oct. 08, the Hopi Tribal Council voted to approve Action Item #069-2013, the Adoption of the Hopi Resource Enforcement Services (HRES) General Orders. The General Orders allow HRES to be recognized as law enforcement officers and to enforce the Hopi Code that was adopted on April 04, 2013.

The Hopi Code gives authorization to HRES to enforce laws. In the past, there have been unclear orders in some of the Ordinances that gave HRES authority to enforce Hopi laws that were normally a police officer's job.

The General Orders were presented to the Hopi Tribal Council by HRES Chief Ronald Honyumptewa; Danny Honanie, Kykotmovi Village Representative and Mervin Yoyetewa, Mishongnovi Village Representative. Both Honanie and Yoyetewa are members of the Law Enforcement Task Team. Members of the Hopi Tribal Council had their input in reference to the General Orders before they voted to approve it.

According to Yoyetewa, HRES has always enforced laws when the Bureau of Indian Affairs (BIA) Police Officers would not respond to disputes on tribal property, lands and villages.

"They refused because according to BIA, it was trib-

al issues," said Yoyetewa.

Honanie stressed to the council that HRES has always had the authority to enforce laws out on the Range through various Ordinances and resolutions.

"It does not spell out which agency will enforce laws or Ordinances. Is it the Rangers or Law Enforcement agency?" said Honanie.

Moencopi Representative Wayne Kuwanhyoima said, "Ordinance from 1986 proves that there was Hopi Police Officers. I have proof because I still have my commission card that proves it."

Davis Pecusa, Bacavi Rep. raised concern over cattle inspections, diseases, etc. He said HRES has always enforced laws and he understands that certain things need to be enforced on Hopi Partitioned Lands as there have been reports of violations being committed such as fence cutting. He also recommended that HRES change their name to Hopi Police and suggested to take over BIA.

Vice Chairman Honanie said Chief Honyumptewa has officers lined up who will take care of land/range and police duties in the villages. Vice Chairman feels that there is no need for two law enforcement agencies on the reservation and suggested they combine the two entities.

HRES Chief Honyumptewa said he would like to address the fact that they are law enforcement officers. In order to get the Community Oriented Policing Services (COPS) Grant they are recognized as law enforcement officers.

The General Orders were approved with a majority of the Tribal Council Representatives voting in favor. The outcome of the votes was 13 in favor, 2 opposed and 0 abstentions.

#### Chief Honyumptewa weighs in on the approval of General Orders

In an interview just days after the General Orders were approved, Chief Honyumptewa weighed in on what the General Orders mean to his department and officers.

"The approval of the General Orders by the Hopi Tribal Council is a historic day for HRES as it establishes and recognizes us as a law enforcement entity. The General Orders should have been completed 19 years ago by prior Chiefs who should have completed it," said Chief Honyumptewa.

The General Orders is huge for the department because it is a guideline on how to respond to certain calls, how incidences should be handled; it's a policy that all officers should follow. The General Orders is a guideline and policy that has been long overdue.

"Most of the agencies in the valley, Navajo County and Navajo Police have policies they must abide by in which all the officers have to follow. They can't deviate from that without the prior approval from Sergeants which rarely occurs," said Chief Honyumptewa.

The General Orders was created in the 1970's when the Rangers were created as a civilian patrol for the Hopi Partitioned Lands (HPL) area. When time evolved to 1994 when Resolution H-01-63-94 passed

and made HRES a law enforcement entity. However, that wasn't what they were thought of until a couple days ago when the Hopi Tribal Council realized they are a law enforcement entity.

The name, Hopi Resource Enforcement Services throws them off to where people look at them as Rangers and not law enforcement officers. They are State certified police officers and that means a lot to the department.

Chief Honyumptewa said the public is aware they are police officers as they have been doing traffic citations, traffic offences, responding to domestic violence situations, disorderly conduct, and intoxication and missing person's calls. He said they assist BIA by responding to the same calls if they do not have anyone available.

"For instance, we had an individual with a knife in Bacavi and four HRES officers responded to the call, and that was a shock to BIA because they have never seen that many HRES officers at one location. We ended up arresting three people that day. It's something new to BIA and I think in the past it wasn't really advertised because they weren't proactive being out there. Information I have received from prior Rangers is that it was always a back and forth situation where Rangers belong on HPL or you belong here in the villages," said Chief Honyumptewa on assisting BIA Police Officers.

There was concern among some of the councilmen in regards to the trust/responsibility between HRES and BIA; however Chief Honyumptewa couldn't respond on behalf of BIA, but did comment by saying their trust/responsibility is here in the Hopi villages and the land. HRES's trust/responsibility is the whole reservation and to enforce all tribal laws in the Hopi Code and Ordinances 21, 43, 46 and 47. Chief Honyumptewa stressed that Moencopi is not getting the services they need and there are a lot of complaints coming from there. In that, he wants to have a substation there and at Spider Mound. Their main goal is to give back to the community.

The next step for HRES is to change the name from Hopi Resource Enforcement Services to Hopi Police Department. That was a suggestion coming from the Tribal Council. Chief Honyumptewa said he will work on changing the name to ensure his officers are safe and get the respect they deserve. They want the people to know they are not just Rangers, but Police Officers. Not only will they cover the Hopi Reservation, but the new lands the Hopi Tribe has purchased. In addition they will upgrade their radio system in which the Hopi Tribe has allocated funds; purchase new police vehicles; expand offices with new modular units; and with the Detention Steering Committee working on building a new detention facility along with a police department they plan on having a 40 strong/50 strong mentality of moving forward.

Two years ago, when Chief Honyumptewa came on board, he said HRES was at its lowest and was unorganized. Uniforms were worn out, vehicles were broken, the dispatch center was outdated and the General Orders was not in place.

Chairman Shingoitewa said HRES has always enforced laws when the Bureau of Indian Affairs (BIA) Police Officers would not respond to disputes on tribal property, lands and villages.

"They refused because according to BIA, it was trib-

al issues," said Yoyetewa.

Honanie stressed to the council that HRES has always had the authority to enforce laws out on the Range through various Ordinances and resolutions.

"It does not spell out which agency will enforce laws or Ordinances. Is it the Rangers or Law Enforcement agency?" said Honanie.

Moencopi Representative Wayne Kuwanhyoima said, "Ordinance from 1986 proves that there was Hopi Police Officers. I have proof because I still have my commission card that proves it."

Davis Pecusa, Bacavi Rep. raised concern over cattle inspections, diseases, etc. He said HRES has always enforced laws and he understands that certain things need to be enforced on Hopi Partitioned Lands as there have been reports of violations being committed such as fence cutting. He also recommended that HRES change their name to Hopi Police and suggested to take over BIA.

Vice Chairman Honanie said Chief Honyumptewa has officers lined up who will take care of land/range and police duties in the villages. Vice Chairman feels that there is no need for two law enforcement agencies on the reservation and suggested they combine the two entities.

Information I have received from prior Rangers is that it was always a back and forth situation where Rangers belong on HPL or you belong here in the villages," said Chief Honyumptewa on assisting BIA Police Officers.

There was concern among some of the councilmen in regards to the trust/responsibility between HRES and BIA; however Chief Honyumptewa couldn't respond on behalf of BIA, but did comment by saying their trust/responsibility is here in the Hopi villages and the land. HRES's trust/responsibility is the whole reservation and to enforce all tribal laws in the Hopi Code and Ordinances 21, 43, 46 and 47. Chief Honyumptewa stressed that Moencopi is not getting the services they need and there are a lot of complaints coming from there. In that, he wants to have a substation there and at Spider Mound. Their main goal is to give back to the community.

The next step for HRES is to change the name from Hopi Resource Enforcement Services to Hopi Police Department. That was a suggestion coming from the Tribal Council. Chief Honyumptewa said he will work on changing the name to ensure his officers are safe and get the respect they deserve. They want the people to know they are not just Rangers, but Police Officers. Not only will they cover the Hopi Reservation, but the new lands the Hopi Tribe has purchased. In addition they will upgrade their radio system in which the Hopi Tribe has allocated funds; purchase new police vehicles; expand offices with new modular units; and with the Detention Steering Committee working on building a new detention facility along with a police department they plan on having a 40 strong/50 strong mentality of moving forward.

Two years ago, when Chief Honyumptewa came on board, he said HRES was at its lowest and was unorganized. Uniforms were worn out, vehicles were broken, the dispatch center was outdated and the General Orders was not in place.

Chairman Shingoitewa said HRES has always enforced laws when the Bureau of Indian Affairs (BIA) Police Officers would not respond to disputes on tribal property, lands and villages.

"They refused because according to BIA, it was trib-

al issues," said Yoyetewa.

There were a lot of issues, but fast track to two years, Chief Honyumptewa has upgraded and fixed some of the issues.

Chief Honyumptewa is from the Village of Lower Moencopi and is from the Sun Clan. He worked with the Salt River Pima Maricopa Indian Community Police Department prior to becoming the Chief of the Hopi Resource Enforcement Services.

In closing, Chief Honyumptewa would like to thank everyone who supported him in getting the General Orders approved, the Law Enforcement Task Team and his officers.

## REPORTS

### DD. Government Shutdown Related Issues: Hopi Transit/TANF

Chairman Shingoitewa said he had talked on the phone with Ann Kirkpatrick and that she said that all the Democrats had signed a resolution to make measures toward passing a new Continuing Resolution. She said that they needed 18 Republican signatures.

Hopi Tribe Executive Director, Donovan Gomez said that on Sep. 30 it became imminent that the Federal Shutdown was going to happen because the House couldn't agree on a Continuing Resolution.

"We need to come up with what it would take to keep programs running (TANF/Transit)." The potential is that the shutdown could affect operations of these programs for 30-60 days.

Gomez said, "Things are changing by the day and hour." He also said that IHS has a contingency bill being put in place and that certain federally funded programs have been able to roll over contingency funds for 638 Programs.

Hopi Guidance Center Director, Richard Hamilton addressed the TANF Program. Hamilton was hired as Director in August 2013.

Hamilton said he had gotten notice that TANF would be shutdown for all tribes on Thu, Oct. 3. "We could carry on business with our staff and offer a minimal amount of services," he said.

However according to a bulletin issued, TANF would not be able to issue any more payments to recipients.

"Any carryover

from ADOT, the question was posed that if the Hopi Tribe were to allocate funds, would that be justification for ADOT to match the funds. Young said no and that the program has to be up and running.

HTC asked the Interim Finance Director, Lillian Dennis, along with Executive Director Gomez and Acting Transit Director Silas to bring forward a resolution which would address financial needs to keep the Transit in operation during the Federal shutdown.

Councilman George Mase sponsored this resolution. On Wed, Oct. 9, a resolution was brought before HTC to address the continued operation of the Hopi Senom Transit.

Councilman Mase said,

"We're trying to prepare for this day when vital services need to continue.

Maybe the transit won't run at full scale we need to keep services intact and not let them go.

Executive Director Gomez informed HTC that a contingency plan was brought forward under the advisement of HTC to address transit issues.

Because Transit and TANF are funded through separate grants, it was advised that the resolution only address Transit.

For clarification, Gomez also advised that Transit isn't operating on a 638 Contract but instead money from ADOT.

Resolution 084-2013 was introduced requesting \$70,605 to be taken from the Peabody Settlement,

which would cover transit services between Oct. 10

to Nov. 31. \$37,753 was figured for the month of October and \$32,851 for the month of November.

Any unexpended funds,

from whenever the shutdown was lifted, would be returned to the Peabody Settlement Account.

Councilman Norman Honanie motioned to approve the action item.

Bruce Fredericks seconded the motion.

The motion failed with a vote of 8 yes votes

and 9 no votes.

Until a continuing resolution is approved by the House and Federal funding is appropriated through ADOT to the Hopi Senom Transit, the Transit is shutdown.

Chairman Shingoitewa said he will work on changing the name to ensure his officers are safe and get the respect they deserve. They want the people to know they are not just Rangers, but Police Officers. Not only will they cover the Hopi Reservation, but the new lands the Hopi Tribe has purchased. In addition they will upgrade their radio system in which the Hopi Tribe has allocated funds; purchase new police vehicles; expand offices with new modular units; and with the Detention Steering Committee working on building a new detention facility along with a police department they plan on having a 40 strong/50 strong mentality of moving forward.

Hamilton was hired as Director in August 2013.

Hamilton said he had gotten notice that TANF would be shutdown for all tribes on Thu, Oct. 3.

"We could carry on business with our staff and offer a minimal amount of services," he said.

However according to a bulletin issued, TANF would not be able to issue any more payments to recipients.

"Any carryover

from ADOT, the question was posed that if the Hopi Tribe were to allocate funds, would that be justification for ADOT to match the funds. Young said no and that the program has to be up and running.

## Hopi DV Program Raises Promotes Awareness About Domestic Violence In October

Melsa Yowtewa  
Hopi Domestic Violence Program

Domestic Violence Awareness Month brings attention to domestic violence every October. This month we started with a 1 and 2 mile walk/run event which was held at the Hopi Healthcare Center on October 2, 2013. The Hopi Domestic Violence Program along with the Miss Hopi Committee and the Hopi Tewa Womens Coalition to End Abuse, have planned several events throughout the month of October.

- October 23, 2013, HTWCEA Training/TA Session @ 8am—5pm at the Hopi Wellness Center
- October 30-2013, Balloon Release/ Drum Session @ 5:30 p.m. Moencopi Community Building, Moencopi, AZ

### What is Domestic Abuse?

Domestic Abuse, or "battering" is a pattern of abuse by one partner against the other, for the purpose of maintaining power and control. Domestic Violence often includes (but not always) physical abuse. Forms of domestic violence can include: Physical Abuse,

Sexual Abuse, Verbal Abuse, Threats & Intimidation, Isolation or restriction from friends, family and other support systems, destruction of property, financial exploitation, jealousy and possessiveness, stalking or monitoring behavior.

**Battering Escalates:** It often begins with behaviors like threats, name calling, abuse in your presence (such as punching a fist through a wall) and/or damage to objects or pets. It may escalate to restraining, pushing, kicking, slapping, pinching, tripping, biting, throwing, or grabbing. Finally, it may become life-threatening with serious behav-

iors such as strangulation, breaking bones, or the use of deadly weapons. (Remember, ANY household item can be used as a dangerous weapon).

Children in Families where there is domestic violence suffer negative consequences even if they are not the targets of the abuse. Children who witness their mothers being abused by their fathers (or vice versa) often exhibit health problems, sleeping difficulties, acting-out behaviors, and feelings of guilt, anger, fear and powerlessness. In addition, research suggests that boys who witness their mothers being abused often grow up to be abusers them-

Miss Hopi Nikki Quimyintewa and 1st Attendant Lori Honyoma pose with drum groups that took part in the drum session in honor of Domestic Violence victims.

selves, thereby continuing the cycle of violence.

### Why do women stay?

Women stay in abusive relationships due to fear, lack of resources or options, psychological damage, loss of self-esteem, depression, or other reasons. It is important to remember that leaving a relationship may also be dangerous – more women are killed by their partner

AFTER they leave the relationship than at any other time. Women who stay in abusive relationships are not weak – they are SCARED.

If you are in an abusive relationship and need help please contact the Hopi Domestic Violence Program at (928) 738-1115.

We strive to provide direct services to victims of abuse whether it be for support, shelter referral along with transport to shelters, transportation to court proceedings, inform victims of criminal proceedings involving the abuser (release dates, court dates, and sentencing results), referrals for medical care, counseling, DES and other community resources.

Advocates are also available before 8:00 a.m. and after 5:00 p.m. Contact the Hopi Police Department or the Hopi Healthcare Emergency Room. These two agencies will be able to contact an advocate for you.

Participants kick off Domestic Violence Awareness Month with a 1 and 2 mile walk in honor of victims.

## 2013 Sustainable Building and Creative Spaces Tour

Amanda Acheson

munity enhancement programs can be seen at places like the Murdoch Community Center with a solar PV system that was 100% community funded, and the Grand Canyon Trust's volunteer barn that was made possible through community support, and features passive solar, rainwater harvesting and native landscaping done through a community educational workshop.

The Museum of Northern Arizona's Easton Collection center with its LEED Platinum certification is an awesome example of creativity and sustainability coming together in a building that has numerous sustainable building features like the largest living roof in Northern AZ.

The event begins at Willow Bend Environmental Education Center at 10am and is free with a suggested donation of \$5 to support Willow Bend's environmental education programs in local schools.

For more information visit the tour's Facebook page at: <https://www.facebook.com/#/events/439866396110870/> or contact (928) 679-8853.

## Explore Hopi welcomes visitors to experience Arizona history and beauty

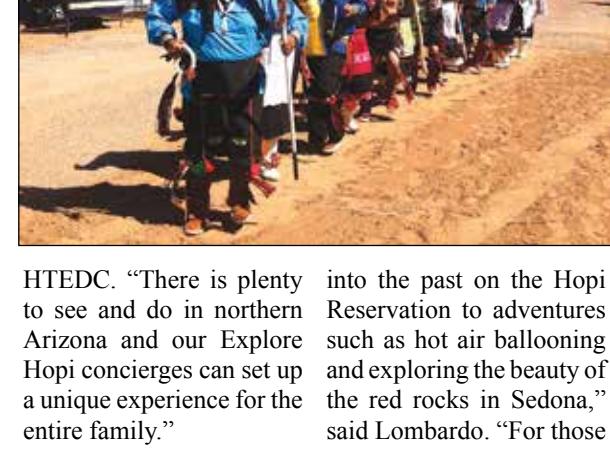

Plenty to do in Arizona during government shutdown: Hopi tours, Southwest tour packages ready for visitors

Steele Wotkyns  
WotkynsPRplus  
HTEDC

Flagstaff, Ariz. – Explore Hopi welcomes visitors to experience the Grand Canyon region and offers a unique, fascinating and intriguing Hopi cultural journey in the Southwest. A variety of authentic cultural programs for visitors are available and the Explore Hopi staff welcomes visitors to the Southwest this autumn. Sponsored by the Hopi Tribe Economic Development Corporation (HTEDC) – the new and already popular visitor program Explore Hopi ([www.explorehopi.com](http://www.explorehopi.com)) – features a rewarding family experience at the Hopi “center of the universe” in northern Arizona including several tour packages, a visit to the Hopi Travel Plaza on the eastern edge gateway to Hopi lands, plus a stay at the HTEDC-owned base for exploring Sedona’s Red Rock Country at the Days Inn Kokopelli.

Because Sedona’s Red Rock country is part of the Coconino National Forest, it is not a part of nor adversely affected by the current federal government shutdown.

“We’re open for business,” said Kevin Lombardo, CEO of

HTEDC. “There is plenty to see and do in northern Arizona and our Explore Hopi concierges can set up a unique experience for the entire family.”

Explore Hopi features several remarkable and customizable tours via its website, ExploreHopi.com. Various tours include guided excursions to a major Southwest petroglyph site, a stay at the Hopi Cultural Center Restaurant & Inn on Second Mesa in the heart of Hopi, a stay at the affordable and comfortable Days Inn Kokopelli in Sedona and travel gas cards from the Hopi Travel Plaza at the Keams Canyon entrance to Hopi just east of Holbrook, Arizona.

“We have a number of packages or we can customize a visit depending upon what the visitor wants to experience from a cultural journey

into the past on the Hopi Reservation to adventures such as hot air ballooning and exploring the beauty of the red rocks in Sedona,” said Lombardo. “For those with time we can combine a bit of both.”

A visit to Hopi that is arranged by the Explore Hopi staff also features the most current information on Hopi arts, art galleries, events and meeting Hopi artists who showcase colorful artwork in a variety of artistic media. A Hopi cuisine experience at the Hopi Cultural Center Restaurant & Inn is also a major highlight for visitors.

While the region’s national parks and monuments including Grand Canyon, Walnut Canyon, Sunset Crater and Petrified Forest closed as a result of the ongoing federal government shutdown – Explore Hopi is welcoming visitors and

this season is the perfect time to visit ExploreHopi.com or call our Concierges at (928) 734-0044 to plan a visit and then come experience the many cultural wonders including Oraibi village, the oldest continuously inhabited settlement in the United States.

The HTEDC was formed in 2005 by the Hopi Tribal Council to create and harness an economic environment that will blossom, by securing resources, and provide the guidance and training that allows Hopi Tribe members to prosper and preserve their homeland and culture. Headquartered in Flagstaff, the HTEDC is the sponsoring organization for Explore Hopi and owns and operates, on behalf of the Hopi Tribe, the following enterprises: Hopi Cultural Center Restaurant & Inn on Second Mesa; Days Inn Kokopelli in the Village of Oak Creek (Sedona); the Hopi Travel Plaza off I-40 near Holbrook; Hopi 3 Canyon Ranches near Winslow, Springerville and Flagstaff; and the commercial properties of Heritage Square, Continental Plaza and Kachina Square in Flagstaff. Visit [explorehopi.com](http://explorehopi.com) and [Explore Hopi](http://explorehopi.com) on Facebook.

## Hopi Tribal Member Elected to AIANTA Board of Directors

Moenkopi Legacy Inn and Suites  
[www.experiencehopi.com](http://www.experiencehopi.com)

hope that my contributions will support the mission of AIANTA to introduce Native cultures to the world and, in so doing, create a better economic future for all of our Native communities,” Surveyor said.

The Moenkopi Legacy Inn & Suites was built by the Moenkopi Developers Corporation (MDC), a nonprofit entity of the Upper Village of Moenkopi. MDC is a regional leader in tourism and was recently recognized by Arizona State Governor Jan Brewer with the prestigious 2013 Governor’s Award for Cooperative Marketing for the Hopi Arts Trail. MDC created the Hopi Arts Trail to benefit artists in the 12 villages of Hopi. Surveyor is the project manager for the Hopi Arts Trail. To learn more, visit: [www.HopiArtsTrail.com](http://www.HopiArtsTrail.com).

AIANTA is a 501(c)(3) nonprofit association of American Indian tribes, tribal tourism, cultural and private sector representatives, representatives from the tourism industry, Federal, State, and local governments, colleges, and universities, and friends that was incorporated in

2002 to advance Indian Country tourism. The association is made up of representatives from six regions: Alaska, Eastern, Midwest, Pacific, Plains, and the Southwest. AIANTA’s mission is to define, introduce, grow, and sustain American Indian, Alaska Native, and Na-

tive Hawaiian tourism that honors and preserves tribal traditions and values.

For more information about AIANTA, please visit [www.aianta.org](http://www.aianta.org).
