Law Enforcement Day Recognizes Fallen and Retired Hopi Officers

Any person who believes that he/she has been denied equal protection of the law under the laws of the United States or the State of Arizona may file a complaint with the Hopi WEMP.

The Hopi WEMP will maintain a complaint pool to which the complaint shall be submitted. The complaint pool shall be maintained on a first come, first served basis. All complaints received will be reviewed for compliance with the Hopi WEMP’s complaint policy.

The Hopi WEMP will review all complaints and make a finding of whether the complaint is valid or invalid based on the complaint’s compliance with the Hopi WEMP’s complaint policy. The Hopi WEMP will also review all complaints to determine if the complaint is within the Hopi WEMP’s jurisdiction.

The Hopi WEMP will make a finding whether the complaint is valid or invalid. If the complaint is found to be invalid, the Hopi WEMP will dismiss the complaint. If the complaint is found to be valid, the Hopi WEMP will refer the complaint to the appropriate authority for further action.

The Hopi WEMP will maintain records of all complaints received, the date the complaint was received, the date the complaint was processed, the name of the person making the complaint, the name of the person to whom the complaint was referred, and the date the complaint was referred.

The Hopi WEMP will keep all complaints confidential and will not disclose any information about the complaint to any third party without the written consent of the complainant.

Moeneici Day School, located in the Village of Moenwi, held its 6th Annual Disabilities Awareness Day on April 22, 2013.
New code is trying to be introduced by the Tribal Council President or the New Code adoption Committee. The Council would need to pass a formal resolution adopting the new code. A copy of the new law would then be circulated to all council members, and we are required to pass a formal resolution adopting the new law. The new code would then go into effect thirty days from its adoption. There is no special law that would allow us to make changes to our code. The Hopi Tribe and the various governments will have to agree to a new code before it can be adopted.

New Code adopted by the Hopi Tribe. The new code adopted by the Hopi Tribe on August 21, 2013. The new code would not be valid outside the Hopi Reservation. The Hopi Tribe would have the power to invalidate any code, if it determines that the code is not valid outside the Hopi Reservation. The new code would also be subject to federal, state, tribal, or international law. The new code would be adopted by the population. The Hopi Tribe would also have the power to invalidate any code that is not valid under Hopi law.

The Hopi Health Care Community (HHCC) celebrated Nurse's Week on May 6th, an annual event that emphasizes the contributions of nurses. The HHCC, which is the farthest they have served the Flagstaff, “Nolan the Colon” from the Colon Cancer Foundation, was a highlight of the event.

Nurse’s Week is celebrated on May 6th, being the birthday of Nightingale, a founder of modern nursing. Nurses are professionals who provide compassionate care for those who are sick, injured, or experiencing pain, and they remain the unsung heroes of our healthcare system.

The theme for the 2023 Nurse’s Week was “Prevention is Key.” Nurses are essential caregivers, and people have come to rely on them for prevention and education on health matters. The HHCC’s nurses are dedicated to educating the community about the importance of prevention.

The Colon Cancer logo features a loop of yarn, which symbolizes the unity and strength that nurses bring to the fight against colon cancer. The logo encourages people to save lives and improve the quality of life for those affected by colon cancer.

The HHCC’s nurses are proud of their work and the education they provide. They strive to make learning fun and engaging for children, like the Nolan the Colon character, which was designed to make colon cancer prevention education more accessible and enjoyable.

Top left: A group of nurses from the Hopi Health Care Center gather for a photo at the Nurses’ Luncheon. Left: Jeannine and Linda Luke, who have worked as Registered Nurses, were recognized for their service. Nolan, the Colon, a giant inflatable colon of color, gave a first look at various stages of colon cancer and how to prevent it.

and for being such gra- cious hosts for the Hon- or Run participants. It was always a wonderful feeling to know you were engaged in service and that your efforts were giving back.” She added, “It wasn’t surprising that the event was a success and that the work of the NHHS is a large effort of a larger organiza- tion, which honors students in 7th grade and above in the United States Indian Po- licing Academy’s Junior-Senior High School. The HEEF Executive Committee has him named as the school’s alumni representative for the department’s Community Service and citizenry programs.

The Honor Run was a great success.

When we were in a rural area and we were serving a brothel, we had to prioritize our calls. We had to determine where the bodies were, and for narcotics and bite pro- tection, we have to prioritize our calls. We had to determine where the bodies were, and for narcotics and bite protection, we had to prioritize our calls.

The Hope Police De- partment has hosted Law Enforcement Days in the past. These days have been held to encourage local law enforce- ment to come together and to remember the work that they do. During the Law Enforcement Week, we held a Memorial Run and the Hopi Police Department has hosted several of these events.

In closing Sidney Sr., the Hopi Teleric Association for the Law En- forcement Officers said, “I’m involved with a lot of different organizations which honors students in 7th grade and above in the United States Indian Po- licing Academy’s Junior-Senior High School. The HEEF Executive Committee has him named as the school’s alumni representative for the department’s Community Service and citizenry programs.

NAU Dental Hygiene Students Extend Thanks to Hopi Health Care Center

As the Northern Arizona University Department of Dental Hygiene approaches its graduation ceremony in May, the students have the opportunity to reflect on the meaningful work they have done and the contributions they have made to the Hopi community.

Through the NAU Dental Hygiene Department, students are provided with the opportunity to volunteer at the Hopi Reservation’s Hopi Health Care Center. The program, which was formed in 2005 by the Hopi Tribal Council, was created to provide a dental health outreach program for Hopi Tribe members to improve their oral health.

At the Hopi Health Care Center, students are able to experience a unique clinical experience that allows them to gain valuable hands-on experience while contributing to the well-being of their neighbors.

The program is run in collaboration with the NAU Dental Hygiene Department and the Hopi Tribal Council. Students are able to work with local dental professionals and gain valuable real-world experience that prepares them for their future careers in the dental hygiene field.

The program is offered to NAU Dental Hygiene students who meet the requirements set forth by the Department of Dental Hygiene. Students are able to work for a minimum of six weeks at the Hopi Health Care Center and are required to complete a minimum of 40 hours of clinical experience.

In order to participate in the program, students are required to submit an application, which includes their academic and personal information, a personal statement, and a letter of recommendation from a dental hygiene instructor or employer.

The program is open to all NAU Dental Hygiene students who meet the requirements and are interested in gaining valuable clinical experience in a unique setting.

The program is not only beneficial for the students, but it also benefits the Hopi community by providing them with essential dental hygiene services.

The program is an excellent opportunity for NAU Dental Hygiene students to gain valuable real-world experience while contributing to the well-being of their neighbors.

If you are interested in participating in the program, please contact NAU Dental Hygiene Department for more information.

Thank you to the Hopi Health Care Center and the NAU Dental Hygiene Department for their continued support and dedication to improving the oral health of the Hopi community.

NAU Dental Hygiene Department
The Hopi Tribe and WEMP host the NAFWWS National Conference in Ft. McDowell

The Native American Fish & Wildlife Society is a non-profit organization whose mission is to assist Native American Tribes and their allies in the protection and enhancement of their fish, wildlife, habitat, and resources.

The Hopi Tribe has been a member of the NAFWWS since 1980 and the Southwest Region Wildlife Conservation Organization (SWRCO) Program (WEMP) has been an active member since 1996. The conference was sponsored by the NAFWWS Southwest Region and this year’s conference was "Weaving Cultural Knowledge and Western Science to Balance Harmony and Community Conservation." The conference featured the Honorable Cynthia Herriott-Sullivan, President, Department of Natural Resources, for Tribes and Tribal travel. The Southwest Region Wildlife Conservation Organization (SWRCO) Program comprised of WEMP, the Southwest Region of the NAFWWS, and the Southwestern Native Natural Resources Directors Association (SWNNRDA) with a location of Great Lakes, the Great Alaska, the Pacific, the Gulf of California, and the Mississippi. The Southwest Region Conference has been an active member since the early 1990s and hosted the 31st Annual Conference at the Ft. McDowell Resort and Casino.

The Hopi Tribe and 31st WEMP were honored to host the 31st Annual NAFWWS Conference at the Ft. McDowell Resort and Casino 2013.

Annual Native American Fish & Wildlife Society Conference at the Ft. McDowell Resort and Casino, Arizona, on May 9-12, 2013. Action Item #043-2013 - Second Round of HIP applications - troubled communities.

ACTION
- To approve the action item.

NATURAL BREATHING FOR EVERYONE’S HEALTH

It’s simple - When you inhale, just inhale a tiny bit more than normal. Inhale, hold your breath twice a day. As weeks pass, slowly add ten breaths until you are doing 20 breaths twice a day. As you get used to it, do 10 or 20 breaths a twice a day. A week or a month, slowly add more breaths. As usual. Then, exhale like you usually do.

That’s all! Do just a few breaths to start, 5 or 10. Then just go back to your usual breathing. Later that day or another 5 or 10 breaths. Do it for 3 days. As you get used to it, do it 10 or 20 breaths a twice a day. As weeks pass, slowly add more breaths. As usual. Then, exhale like you usually do.

Fire Restrictions To Begin On Coconino National Forest and Parts of Kaibab National Forest

Williams, Ariz. – Area-wide fire restrictions will be implemented Friday, May 17, 2013, on the entire Coconino and Kaibab National Forests. The restrictions will be in effect until further notice.

This action is being taken due to drought conditions along with the high risk of wildfire potential. Kaibab National Forest will be closing the following roads, and the Coconino National Forest will be closing the following roads:

- U.S. 89 between Page and Lincoln, and the North Kaibab Ranger District. The North Kaibab Ranger District will also be closing the following roads:
- U.S. 180 between Page and Tuba City
- U.S. 89A between Page and Bullfrog

The fire restrictions will be a combination of both the Coconino and Kaibab National Forests.

These restrictions are a proactive measure to help protect the community and limit the damage that can be caused by a wildfire.

Fire restrictions will be enforced by the U.S. Forest Service and the Arizona Department of Forestry and Fire Protection. Violators will be cited and may be held responsible for all costs incurred in fighting any fires they cause.

For more information, contact Leander Beasly, Hopi Veteran’s Memorial Center Supervisor at (928) 734-5666.
