Melvina Navasie, Matriarch of Hopi
Relocation passes on after a long illness

Submitted by: Claudia Burgener (daughter)

Melvina Suqi Navasie died in the early morning hours of February 12, after a long illness. Navasie was born May 6, 1926 at Polacca, Arizona to John and Edna Suqi. She was a strong willed, hardworking tradition al woman. She attended Keene Canyon Boarding School and completed ninth grade at Phoenix Indian High School. She dropped out of school to help with livestock and farming and to care for her mother who was blind; later she also provided care for a blind great uncle.

At 18 she married Har rington Navasie and together they raised 12 children: Gloria, Randell, Lonna, Claudius, Nathan, Audrey, Murd, Oral, Alvin, Geraldine, Harriet, Wallace and Kevin. They made their home and raised their children in Jeddito Valley.

She would soon find her self fulfilling the prophecy her father, testifying in Washington DC and in the District Courts of Arizona, as the Tribes and the Federal Government attempted to settle the Navajo-Hopi land dispute. Navasie was the back bone of families who were forced to relocate and was the first to move off of the Navajo Partitioned Lands. At 89 she still had fire in her eyes as she recalled the impact it had on her family. Funeral services were held at Polacca LDS Church with a private viewing. She was then taken to her home at Yu-Weh-loo Pahki for a traditional burial at the family plot.

Melvina leaves behind 4 daughters, 3 sons and an abundance of grandchildren, great grandchildren and great great grandchildren. She is survived in death by her husband Har rington; daughters Gloria, Murd and Geraldine and sons Lonna and Wallace.

The family would like to thank everyone for their assistance and donations during their time of loss.

FHA presents Council with update report on
TIGER Grant intended for Tawaovi street project

Crystal Dez, Hopi Tutuveni

Anannée Hare, Transportation Engineer with the Federal Highway Administration presented an update on the Transportation Investment Generating Economic Recovery (TIGER) grant at a Transportation Task Team meeting held on Feb. 17 at the Hopi Tribal Council Chambers. In 2014, the Hopi Tribe Tawaovi Development Team submitted the TIGER FY2014 Grant Application to help build the roads and streets on the proposed Tawaovi community. The grant application was strongly supported by the Hopi Tribe Budget Oversight Team (BOT). Through this grant, the Hopi Tribe Transportation Task Team was awarded $2.9 million. The grant itself is very competitive and the application was matched by Peabody Energy funding at $5.5 million.

XV. ADJOURNMENT
Editorial Board Members:
Belina Berni Nakakuku  
Dr. Angela Gonzales  
Stan Bindell

Do you have an opinion or perspective you would like to share with Tutuveni readers? Do you know people not to contact for information? Are you aware of an event or activity of interest to the Hopi community that you want to report on? The editorial board and managing editor for the Hopi Tutuveni extend an invitation to readers to submit letters and articles you feel are of interest to the Hopi community.

Submission:
The Hopi Tutuveni reserves the right to edit letters for length and clarity. All letters are subject to publication at the discretion of the editorial board. The Hopi Tutuveni reserves the right to edit articles for length and clarity. All letters are subject to publication at the discretion of the editorial board.

Letters and articles may be submitted in person, by mail, email or fax to: Louella Nahsonhoya, Managing Editor, P.O. Box 123, Kykotsmovi, Arizona 86039; email address: Lnahsonhoya@hopi.nsn.us; fax: (928) 734-0734.

Letters and articles may not be abridged, edited or altered in any way without the written permission of the Hopi Tutuveni. Articles published in the Tutuveni may be reprinted in other media as long as the following conditions are met.

- The Hopi Tutuveni must first be contacted to obtain permission to reprint.
- Articles are to be used in their entirety except for the following situations:
  - Articles to be used on a pull-down menu bar or for article lists reporting local, state and national news items of interest to members of the Hopi Tribe.
  - Letters and letters written under pseudonyms will not be published. The writer’s name must be included.
  - Letters must be original, previously unpublished and written by the person whose name appears with the letter. The writer’s name must be included.

Influenza activity increasing in Arizona

Madeline Salmyah
Hopi Tribe Health Compliance Officer

Influenza activity has been increasing in Arizona. This week, the Arizona Department of Health Services categorized influenza activity as "Widespread" (highest category). Laboratory-confirmed influenza cases have increased in all fifteen counties, and 1,051 new cases were reported in the past week. Most cases have been caused by influenza A, predominantly influenza A (H1N1)pdm09 (the 2009 influenza pandemic strain).

The Centers for Disease Control (CDC) has also recently received reports of severe respiratory illness among unvaccinated young and mid-aged adults with (H1N1)pdm09 virus infection. It is too late to get your vaccination which remains the best prevention against the flu. In Arizona, influenza activity usually lasts through the spring months.

PREVENTIVE ACTIONS That Can Help Fight Germs, Like Flu

The 3 Step Approach:
1. Get a flu vaccination each year.
2. If you get sick, see a doctor. Antiviral drugs can be prescribed for you if you have the flu.
3. Practice everyday preventive actions that can slow spread of germs that cause respiratory (nose, throat, and lungs) illnesses, like flu.

Influenza is a contagious respiratory illness caused by influenza viruses that infect the nose, throat, and lungs. It can cause mild to severe illness. At times, it can lead to death.

Influenza poses a greater risk to certain people, including pregnant women, children, and elderly, who are at high risk for flu-related complications. In fact, pneumonia and flu are a leading cause of death among Native elders. The flu can also cause certain health conditions, including diabetes, asthma, and heart and lung disease, to become worse. Pneumonia and flu are a leading cause of death among unvaccinated young and mid-aged adults.

How does the flu spread?
- Mainly person to person through droplets made when people with flu cough, sneeze, or talk.
- Flu viruses may also spread when people touch something with flu virus on it and then touch their mouth, eyes, or nose.
- People infected with flu may be able to infect others beginning 1 day before symp-
toms develop and up to 5-7 days after becoming sick.

Everyday Preventive Actions:
- Avoid close contact with sick people.
- While sick, limit contact with others as much as possible to keep from infecting them.
- Cover your nose and mouth with a tissue when you cough or sneeze. Throw the tissue in the trash after you use it.
- Wash your hands often with soap and water. If soap and water are not available, use an alcohol-based hand rub.
- Void touching your eyes, nose and mouth. Germs spread this way.

Who should get a flu vaccine?
Everyone 6 months and older should get a flu vaccine, especially if you are at high risk for complications, or if you live with or care for someone who is at high risk for complications.

Your family may be especially vulnerable to the flu.

Influenza activity increasing in Arizona

Guidelines on the Spread of the Flu
- Get a flu vaccine each year.
- Stop the spread of germs, including influenza viruses:
  - Cover your cough and sneeze.
  - Wash your hands often.
  - If you’re sick, stay home.
  - Take antiviral drugs if they are prescribed for you.

The flu is a contagious respiratory illness caused by influenza viruses that infect the nose, throat, and lungs. It can cause mild to severe illness. At times, it can lead to death.

It is not too late to get your vaccination which remains the best prevention against the flu. In Arizona, influenza activity usually lasts through the spring months.

The Hopi Harvey Project, a project developed through hours of research into the past

The Hopi Harvey Project

Collen Lucero was raised by her grandmother Marian Lucero who shared stories of being a Harvey Girl in Winslow during a time when only Anglo women were cho- sen to be Harvey Girls. Collen said her grandmother worked as a dishwasher before being chosen to be a Harvey Girl. She said her grandmother was chosen because she had good for skin.

DAVID MCGAREY, MD - TJ JOHNSON, OD - MARSHALL PALMER, OD
Butler Selected New Board President of NACA

“We have our sleeves rolled up and we are ready to get to work.”—Joshua Lavar Butler, NACA Board President.

TUESDAY, MARCH 1, 2016 | HOPI TUTUVENI

FOR IMMEDIATE RELEASE

FLAUGDF, Ariz. — The Native Americans for Community Action, Inc. (NACA) recently held their annual board elections on Feb. 17 and have new officers. The board selected Joshua Lavar Butler as their new board president, Dave Adams as vice president, Kenneth Sheffield as treasurer, Perllissa Charlee as secretary. Two members, Shirley A. Peach and Isabel Britten, continue as members of the board.

Butler is a Navajo tribal member and owns a company in Flagstaff, Ariz., called Sandstone Public Relations. Butler has a background in public relations, and has worked as a public relations executive for nearly 15 years running his company Sandstone Public Relations headquartered in Flagstaff. He has also served in various professional capacities as a policy maker, as a journalist, and as an advisor to tribal, state and federal elected leaders.

He plans to build a strong working relationship with NACA’s chief executive officer and his colleagues on the board to help strengthen direct services for the Native American population of Flagstaff.

NACA administers several programs benefiting Native Americans within its service-area, programs include: the Family Health Center, health promotions, wellness center, veterans services, behavioral health services, suicide prevention, community development, youth services, Workforce Innovation Opportunity Act services, Oak Creek Overlook Vista coordination, and various support services.

NACA was established in 1971 and has been providing health and human services to the urban Native American population, specifically to low-income and other at-risk families, and to individuals and families that suffer from health and socio-economic disparities at rates disproportionate to the general population.

To learn more about NACA and its services, access their website at www.naca.org.

Tribal employees get preview and demonstration of new Vote Machines

In preparation for the upcoming Voting, Navajo County Recorder’s Office employee Christin Haddox explained how the new voting machines at the Hopi Tribal Administration on Feb. 23 for Hopi Tribal Employees. Ms. Haddox explained these machines will give every voter in Navajo County the ability to vote at any polling site and the voters do not have to go to the hassle of returning to their local polling place anymore. These machines will be utilized throughout the Navajo County the Presidential Preference Elections, Special Election, Primary Election and General Election. navajo-county.gov

For more information contact the County Recorder’s Office at (928) 524-4794 or email www.
School Board hears status reports from Schools and their goals and objectives

Crystal Dee
Hopi Tutuveni

The Hopi School Boards held a meeting at Second Day School in Keams Canyon on Feb. 17 for a status report from the schools. Both boards gathered their Goals and Priorities from their respective schools, and the appointment of Hopi Board of Education members and an alternate. As a result of the last several School Board meetings, it was determined that each school comes up with goals and priorities and make suggested changes to the “scope of work” in the Tribal Education Department. However, it seems that some schools still wonder if they will continue to have local control.

Sakiestewa's question: a proposal to the grant: (Revise Ordinance 36). 2. Consent: a study will determine the impact on the factors of the Hopi Missions Education (BIE) and wants to build Tribal Savings Grants.

FMES Chief School Administrator Maria Mooney said Ordinance 36 was going to need Tribal Members’ help to build the Tribal Savings Grants.

Although Hopi Mission Education (BIE) wants to build Tribal Savings Grants, the process to get there is still under questions. After the grant is expired, what is the BIE’s role going to be in the future? If schools were built with the FMES, it would be Hopi’s decision over because is what that is said on the grant application. Dr. Noreen Sakiestewa responded, “if you go to the Federal Regulations, what is that BIE is an entity that has final authority for the education of Native Children and they will never give that up because is that is said in the Federal Regulations. The application states that these would be local school boards to give local control and will remain intact. The misunderstanding of local control shouldn’t be part of the discussions.”

All not of the schools such as the Hopi Jr/Sr High School, the Hopi High School, and Sakiestewa added in the meeting that Sakiestewa asked “are the local school boards going to impact all the schools before the First meeting before the Hopi Tribal Council and Kaampany Clinton.

Kenyatsha Bright

Second Monday School hosted the all the Hopi Tribes for a meeting on Feb. 22 to hear an update on the Tribal Education Grant (TED) that was given to Dr. Noreen Sakiestewa, Director of the Hopi Education Department. Sakiestewa didn’t have any updates for the schools before the meeting last night.

The current purpose for the schools are the open ended objective assessment of Hopi Education and the Modification of the Federal Grants (FGME). “This is according to the letter written to Hopi Tribal Council and their sacred responsibilities.”

The last couple meetings, the school boards have been giving a list of their educational needs, obligations, and appoint a representative, along with an alternate, from their school, the Hopi School Board of Education. Only two schools have not completed their assignment and have appointed a representative. The Hopi Board of Education is waiting for the other schools to complete their assignment.

By Amber Lallaha

Hopi High School holds sacred talents and that’s why I enjoy being a part of the Hopi Community. Being here gives me opportunities to be a student, who holds talent and responsibility and be responsible and being intelligent. Only the gifts my peers have control over personalizing. I noticed that there is not much input from the schools. March 15 is the deadline of March 18 to go forward with the grant before the Hopi Tribal Council for approval to accept the grant TED.

At the last meeting, Angelina Joseph, BIE Board president attempted to have the first HBE meeting but some of the schools didn’t have representatives. Joseph is hoping schools will have representatives before the March 30 meeting. Although Hopi Mission Education (BIE) was not to be in the meeting they are still want to make sure that changes that are made are stay and being intelligently. Those are the gifts my peers have control. The high school possesses gives the students a chance to exceed the game and he made several points. Patricia made 22 points in the game. The Hopi High School was led by Coach Rick Baker. Baker said the whole team played well on defense. It was a team effort. The high scorers were Ter- shi, Teyente and Issa Panana.

Baker said it was a good game and Hopi will advance to the second round. He said all the players were somewhat injured free this year. One player was injured during the Round Valley game, which caused the injury. Hopi High School thanks the girls did well when they wanted to section to competing against Camp Verde and Sedona. Hopi High School wants to face three basketball players due to graduation. The graduating players are Ashley Avery, Mariah, Kawaihoo and Thadie Day.

Girls basketball ends regular season with loss to Round Valley

By Cherie Jean

Hopi Bruin Times Staff

Coach Berry Honyes said that the Hopi High girls basketball team beat Round Valley 46-20. The Hopi High School girls’ basketball team ended their regular season with 12-17. He said the high scorer for Hopi High School girls’ team was Taylor Seveso, Tammy Laragarter and Jennaya Day. Honyes said the other team’s defense was good and the Hopi team beat Round Valley.

Honyes said the opponents was getting better. The rebounds were Angela Adams and Stacy Smith. Baker was on the top of their class and were academically eligible for the game. "It was a good game and Hopi will advance to the second round," said Baker in the game Hopi High would play there they would fall apart. Baker said everybody was academically eligible for the game. Everybody was injury free and all are healthy. The highlights was having a better record than last year. The team can improve by keep practicing.

Why I enjoy being a part of the Hopi High School Community

By Linda Baker

I enjoy being a part of the Hopi High School; if not, I would be there to express their talents to the teacher. They might have a reason why they chose IROUC (BIE). I didn’t want to do parades and drill meets to show people I’m able to perform in front of them and to improve my social skills. I’m able to perform in front of them and to improve my social skills.

I’m enjoying being there and talents, but it is completely up to the decision of the teacher. No, I have no need to make our own decisions in the classroom because there are changes that are made. There is no plan, but there is no plan. We are keeping our personalization. I noticed that there is not much input from the schools. March 18 is the deadline of March 18 to go forward with the grant before the Hopi Tribal Council for approval to accept the grant TED.

At the last meeting, Angelina Joseph, BIE Board president attempted to have the first HBE meeting but some of the schools didn’t have representatives. Joseph is hoping schools will have representatives before the March 30 meeting. Although Hopi Mission Education (BIE) was not to be in the meeting they are still want to make sure that changes that are made are stay and being intelligently. Those are the gifts my peers have control. The high school possesses gives the students a chance to exceed the game and he made several points. Patricia made 22 points in the game. The Hopi High School was led by Coach Rick Baker. Baker said the whole team played well on defense. It was a team effort. The high scorers were Ter- shi, Teyente and Issa Panana.

Baker said it was a good game and Hopi will advance to the second round. He said all the players were somewhat injured free this year. One player was injured during the Round Valley game, which caused the injury. Hopi High School thanks the girls did well when they wanted to section to competing against Camp Verde and Sedona. Hopi High School wants to face three basketball players due to graduation. The graduating players are Ashley Avery, Mariah, Kawaihoo and Thadie Day. The Hopi Tribe members were there to hear an update on the Tribal Education Grant (TED) that was given to Dr. Noreen Sakiestewa, Director of the Hopi Education Department. Sakiestewa didn’t have any updates for the schools before the meeting last night. The current purpose for the schools are the open ended objective assessment of Hopi Education and the Modification of the Federal Grants (FGME). “This is according to the letter written to Hopi Tribal Council and their sacred responsibilities.” The last couple meetings, the school boards have been giving a list of their educational needs, obligations, and appoint a representative, along with an alternate, from their school, the Hopi School Board of Education. Only two schools have not completed their assignment and have appointed a representative. The Hopi Board of Education is waiting for the other schools to complete their assignment.

FRAUD WATCH – IRS IMPOSTER TAX SCAM

Last year during tax season, unsuspecting taxpayers lost more than $1 million to a massive scam which swept across the country, with thieves posing as IRS agents.

The scheme goes like this: The IRS imposter calls claiming you owe taxes, and demands immediate payment using a prepaid debit card or a wire transfer. Refuse and you’re threatened with arrest or the loss of your business or driver’s license.

What you need to know:

To call for immediate payment demand taxes owed:

• Ask for your debit card number over the phone;
• Threaten to bring in local police or other law enforcement to arrest you for non-payment.

If you think you’ve spotted a tax scam or if you’re ever a loved one has been victimized, contact the Fraud Watch Network for advice and guidance at 877-908-1140.
