Primary Election Results for Hopi Tribal Chairman and Vice Chairman

David Norton Talayumtewa

Timothy Nuvangyaoma

Louella Nahsonhoya
Hopi Tutuveni

Hopi tribal members went to the polls on September 14 to cast their votes in the Primary Election for Chairman and Vice Chairman of the Hopi Tribe.

Vying for the seat of the Chairman were incumbent Herman G. Honanie, current Vice Chairman Alfred Lomahquahu, Jr., Timothy Nuvangyaoma, and David Talayumtewa. Candidates for the Vice Chairman were Arthur Batala, Lamar Keevama and Clark Tenakhongva.

Voting precincts opened at 7am and closed at 7pm. Once polls were closed, the voting boxes were transported to the Hopi Veterans Memorial Center to be counted electronically. Voting Polls were located at the Keams Canyon Community Church, Polacca Youth Center, Sipaulovi Youth & Elder Center, Kykotsmovi Community Center, Bacavi Community

Center and at the Upper and Lower Moencopi Community Centers.

Nearly 100 people were in attendance to canvass and witness the Primary Election Vote Counts. At approximately 10pm, all votes were tabulated and the "Unofficial Election Results" were posted. A total of 1,099 ballots were counted. According to Director of Hopi Enrollment Mary L. Polacca, there were a total of 11,016 Eligible Voters; however, many did not vote and the turnout was very low.

Hopi Tribe Registrar Karen Shupla said "there was a low turnout for the Primary, but that may change with the General Election, as is the pattern. Some people only Vote in the General Election and not the Primary. There may also be additional new voters who were not eligible to vote in the Primary Election due

to age, but will turn 18 by General Election Day on November 9."

David N. Talayumtewa received 404 votes and Timothy L. Nuvangyaoma received 305 votes and will vie for Chairman in the November General Election. Incumbent Herman G. Honanie received 264 votes and current Vice Chairman Alfred Lomahquahu, Jr. received 129 votes.

For Vice Chairman, Clarke W. Tenakhongva received 493 votes and Lamar Keevama received 338 votes and will also move on to the General Election in November. Arthur Batala received a total of 255 votes.

Election Results will remain "Unofficial" for four days to allow Candidates and/or Eligible Voting Members to challenge the votes.

Wallace Lomakema selected as 2017 Hopi Festival Poster Contest Winner

Lisa Talayumtewa
Hopi Tribe Economic Development Corp.

Wallace Lomakema, from the Village of Walpi, and a member of the Flute & Deer Clan.

Lomakema refers to himself as a rookie artist and market participant. However, his achievements prove otherwise. Over the years, Lomakema has attended many fairs and markets including the Tuhisma Market; the Heard Museum Indian Fair and Market; the Museum of Northern Arizona Annual Hopi Festival; Arizona State Museum; and the Southwest Indian Art Fair.

His participation in these events has awarded him two Honorable mentions, three First Place Awards, an Award of Excellence, a Directors Award and a Best of Show!

Lomakema realized his artistic ability as early as his elementary school days. And, over the years he tried various crafts including Hopi Jewelry, leather crafts and

molding sculptures from clay. None held his interest and for many years he did not practice any of the crafts.

It was not until much later in life, at the urging of his daughters, that Lomakema decided to try his skill at doing pictures using Prisma colored pencils.

Lomakema attended the Santa Fe Indian Market with his wife when she was doing pottery and learned about Prisma colored pencils from a Hopi artist when she shared a booth with him. After years of no arts & crafts, Lomakema started to do pictures using Prisma. He successfully completed his big picture for his daughters, and realized that he could still draw and paint. Lomakema started his art again, with his new found ability. He currently also produces all occasion gift cards.

Happy that his hands are still

steady and his mind able to provide him a creative vision. Lomakema is 82 years young and the proud winner of this year's Hopi Festival Poster contest.

Tribal Council approves 39 new applicants for Hopi membership

Mary L. Polacca
Director of Enrollment

On September 5, the Hopi Tribal Council approved a total of 39 enrollment applicants for membership into the Hopi Tribe, and that the following named enrollees or their sponsors have authorized to publish their names in the Hopi Tutuveni newspaper.

Based on Tribal Council’s action the total Hopi Tribal Membership as of September 2017 is: 14,443. Please note that the Tribal Membership is increased throughout the year as Hopi Tribal Council approves new enrollees and is decreased when deaths are reported and Hopi Tribal relinquishments occur.

Mandatory Orientation for 2017 Hopi Deer and Elk Hunts

Darren Talayumptewa
Hopi Wildlife & Ecosystems Management

All Hopi hunters who were drawn and who applied for a Left-Over permit for the 2017 Hopi Deer or Elk Hunts, and the Minor Deer and Antlerless Elk hunts are required to attend the Mandatory Orientation per the 2017-2018 Hopi Hunting Regulations. The Mandatory Orientation will be held at the Hopi Wellness Center Conference Room at 7 p.m. on Monday, September 25, 2017. The Wellness Center Conference Room is located across the Hopi Veterans Memorial Center in Kykotsmovi, Arizona.

The doors will close promptly at 7:01 p.m. with no one allowed in after the doors are closed and all hunters signed in for the Orientation. The permits will be issued upon completion of the Orientation. Any individual who does not attend the Mandatory Orientation will forfeit their permit and no refund will be issued.

Last Day to Apply for Hopi Elk Permits: Attention all Hopi-Tewa Hunters! The last day to apply for a Left-Over Hopi Tribal

Antlered or Antlerless Elk permit and a Hopi Minor Antlered Deer and Antlerless Elk Permit is Friday, September 22, 2017 by 5 p.m. (MST). For an up to date listing of the available Left-Over Permit listing, please contact the Hopi Wildlife & Ecosystems Management Program (WEMP) Office.

Interested hunters may submit their completed application and payment to the Hopi WEMP office located in the Honanhni Building in Kykotsmovi, Arizona.

Those minor hunters interested in applying for the Minor Elk and/or Deer Hunts must be between 14 years and 17 years of age and will need to provide proof of a Hunter Education card.

All individuals who apply for the hunts will be required to attend the Mandatory Orientation. For further information or questions regarding the hunts, please call (928) 734-72/3673/3674 or email hopi-hunts@hopi.nsn.us.

DISTRICT SIX LIVESTOCK INVENTORY: The ORM Land Operations programs will be conducting the annual Livestock Inventory on District Six starting Oct.9 through Oct. 23. Those who have been permitted within District Six and those still on appeals are being notified by letter on the date your livestock will be counted. The schedule is set so that you can roundup the weekend prior to your count. There will be two (2) crews assigned to the counts. If there are no delays the crews will be within the range units scheduled by 8am to start the count. Please have your livestock corralled and ready to be counted when the crew arrives at your corral. Inventories will be done on a Monday and Tuesday of each week. Please have your grazing permit and brand registration with you.

Reminder: Ranchers who did not receive grazing permits for District Six your livestock are in trespass and must be removed immediately. The exceptions are those whose appeals are still pending within the court system.

Hopi Tribe hosts Arizona State Transportation Board Meeting

Louella Nahsonhoya
Hopi Tutuveni

The Hopi Tribe Department of Transportation hosted the monthly Arizona State Department of Transportation Board Meeting on September 15.

ADOT Board members arrived on the Hopi Reservation September 14 and were provided with a tour of Hopi and a dinner was hosted by the Hopi Department of Transportation (HDOT) at the Hotevilla Youth/Elder Center.

The State Transportation Board meeting was held at the Moenkopi Legacy Inn where several interested individuals from around the State, including Lake Havasu, Maricopa, and Tucson (to mention a few), were in attendance to address the Board during the call for Citizen Input. This is a time when citizens may address the Board on any transportation related issue. The Board welcomes citizen involvement; however, because of Arizona’s open meeting laws, no actions may be taken on items which do not appear on the formal agenda. This does not; however, preclude discussion of issues.

“The Transportation Board consists of seven private citizen members appointed by the Governor, representing specific transportation districts. Board members are appointed for terms of six years each,

with terms expiring on the third Monday in January of the appropriate year.” Jesse Thompson represents Navajo County on the State Transportation Board.

“Although the administration of the Department of Transportation is the responsibility of the director, the Transportation Board has been granted certain policy powers in addition to serving in an advisory capacity to the director. In the area of highways, the Transportation Board is responsible for establishing a system of state routes. It determines which routes are accepted into the state system and which state routes are to be improved. The Board has final authority on establishing the opening, relocating, altering, vacating or abandoning any portion of a state route or a state highway.

The Transportation Board awards construction contracts and monitors the status of construction projects.

With respect to aeronautics the Transportation Board distributes monies appropriated to the Aeronautics Division from the State Aviation Fund for planning, design, development, land acquisition, construction and improvement of publicly-owned airport facilities. The Board also approves airport construction. The Transportation Board has the exclu-

sive authority to issue revenue bonds for financing needed transportation improvements throughout the state.

As part of the planning process the Board determines priority planning with respect to transportation facilities and annually adopts the five year construction program.”

Several Tribal Leaders and members of the community attended the Board Meeting and expressed the need for funding of road projects on the Hopi Reservation. A priority for Hopi is aeronautics construction funding to overhaul the Polacca airport located near the Hopi Health Care Center. The airstrip is a critical component of emergency health services to transport critical care patients to bigger hospitals for emergency treatment.

The Hopi Department of Transportation Director Michael Lomayaktewa and the HDOT Board have been aggressive in their mission to seek funding for transportation infrastructure and safety needs for Hopi.

State Transportation Board members may be contacted through the Arizona Department of Transportation, 206 South 17th Avenue, Phoenix, Arizona, 85007, Telephone (602) 712-7550.

Arizona’s ESSA State Plan Approved by the US Dept. of Education

FOR IMMEDIATE RELEASE
Contact:Stefan Swiat - Stefan.Swiat@azed.gov

(Phoenix, Ariz.— Arizona Superintendent of Public Instruction Diane Douglas today announced the approval of Arizona’s consolidated state plan under the federal Every Student Succeeds Act (ESSA) by the U.S. Department of Education (USDOE).

“I am extremely proud of the hundreds of hours of work put into developing this plan by my staff here at the Arizona Department of Education (ADE), and I am most thankful for the thousands of comments we have received from parents, teachers, administrators, stakeholder groups, community members and elected offi-

cials that truly helped make this a plan for all of Arizona,” Superintendent Douglas said. “This is a plan made by Arizona - for Arizona - that would be ideal with or without ESSA.”

The USDOE highlighted several aspects of Arizona’s state plan, including the ability of elementary and middle schools to earn additional points in its accountability system for accelerating student achievement. Arizona was also recognized for allowing high schools to earn additional points in its accountability system for preparing students to be college and career ready, including students performing well in Career Technical Education (CTE) courses, passing college-level courses, earning an industry credential and/or completing a work-based learning internship.

“After reviewing Arizona’s plan and ensuring it complies with the law, I am pleased to approve it,” said USDOE Secretary Betsy DeVos. “I commend Governor (Doug) Ducey, Superintendent Douglas and the many stakeholders in Arizona who helped craft a plan to improve education for the students of the Grand Canyon State.”

ESSA was passed into law by Congress in December 2015, replacing No Child Left Behind as the primary federal legislation addressing America’s public education system. Taking effect in the 2017-18 school year, \$1 billion of federal aid to Arizona would be at risk without compliance.

Letters to Editor / Opinions / View Points

To Editor,

Attempts to impose permitting on District 6 have been ongoing and have been opposed by elders, farmers and ranchers since the early establishment of the Hopi Tribe. Despite opposition, the Office of Range Management (ORM) persist to impose their foreign policies, which can be compared to assimilation by the Federal Government. This contradicts Hopi Traditional practices which was in effect long before the establishment of the Tribal Council.

Upholding our creator’s law to control our aboriginal homelands without intrusion from foreign organizations, the North Orayvi District 6 (D6) was always managed and maintained by family units. Even before the establishment of D6, the lands and livestock were tended to in a way that was ecologically feasible. Our stand on resolution H-008-2014 continues to be disregarded by the revolving Hopi Tribal Council and elected officials whose practices of drafting resolutions and establishing legislation that affect the Hopi People, are made prior to public input.

BE REMINDED

- The Hopi Tribal Council is a body organized to protect and preserve Trust Lands of the Hopi People. These TRUST lands are not treaty acquired rights, as the Hopi Tribe does not have treaties with the Federal government. The Hopi Sinom have sovereign rights to our aboriginal lands. By imposing permits on these lands will denigrate Hopitutskwa into the Pahana Realty system.
- Hopiit have profound respect and belief in our religion, traditional duties, and clan systems which uphold the continuous cycle of our traditions, directly linked to our land and way of life. The Hopi Tribe is only a name for government to government relationships. The ORM and the Hopi Tribal Grazing Committee have no authority to dictate to the people.
- The imposition of permitting through the approval of resolution H-116-2015, will allow the autocratic Hopi Tribe Administration, Tribal Council and Grazing Committees, to devalue the true essence of our Hopi identity which our ancestral elders made a common stance for without physical confrontation. Because of their determination, while enduring atrocious dehumanization, the Hopi sinom can remain true to the covenant with Maasaw and to continue to retain and preserve cultural and religious identity as Hopiit.

“We want to be left alone to live as we wish, to roam free without the whiteman always there to tell us what we must do and what we cannot do. You see, I am doing this as much for you as for my own people. Suppose, I should not protest your orders -- Suppose I should willingly accept the ways of the Bahannas. Immediately, the great snake would turn over and the sea would rush in and we would all be drowned. You too. I am therefore protecting you.” “Yukeoma”(1993) Hotevilla: Hopi shrine of the covenant, microcosm of the world: Mails, T.E. pg. 570

Dear Editor:

The important question the candidates for Chairman and Vice Chairman must answer is: “Do you support the ongoing Little Colorado River (LCR) Water Rights Settlement negotiations, and why?”

The reason why this is an important question is because, if the Settlement is approved by the U.S. Congress, it will give non-Indian users the legal right to keep using waters from the LCR they are now using, permanently.

This will have negative impacts on Siipa’pu (also called Siipa’puni). The source of water that feeds Siipa’pu comes from mountains and springs in the Little Colorado River Basin. All drain into the LCR where Siipa’pu is located.

White Mountain is the main source of surface water that flows into the LCR. Blue Spring is the largest spring in the basin; its outflow is larger than all springs that drain into the LCR. The source of Blue Spring water is Black Mesa and Shonto watersheds.

Non-Indian users of the LCR, including state governments and corporations, have diverted and dammed up surface rivers to the point that the LCR is now dry most of the year. Three (3) big reservoirs have been built to trap the LCR water. They are Blue Ridge Reservoir, now renamed C.C. Cragin Dam, owned and managed by Salt River Project Agricultural Improvement and Power District (SRP), an arm of the State of Arizona.

The C.C. Cragin Reservoir is included in the general SRP watershed. It is used to “augment the water supply for Gila River Indian Community, Northern Gila County, and the Town of Payson” (Source: Salt River Project Re: C.C. Cragin Dam and Reservoir).

The other Dams/Reservoirs include Greer Lake and Lyman Lake. These Dams were constructed well before the adjudication of water rights to the LCR started in Arizona State Court.

The groundwater pumping of water from highly pressurized Black Mesa aquifers started in 1970 by Peabody Coal Mining Company. By the end of year 2005, over 45 billion gallons of water was pumped to support coal mining and the coal slurry operation, thereby, depressurizing the confined Navajo Aquifer.

A scientific study has been done that suggests water from Blue Spring originates from Black Mesa and Shonto watersheds, but the U.S. Office of Surface Mining (OSM) did not include the impacts of groundwater mining on Blue Spring and Siipa’pu in their Black Mesa environmental impact studies because they are located outside the Peabody lease area, therefore, OSM has no regulatory jurisdiction and control to investigate the impacts of Peabody pumping on Blue Spring.

When, and if, the LCR Hopi water negotiation team reaches a settlement agreement with all parties laying claim to the LCR, and if the settlement agreement is approved by the U.S. Congress, non-Indians will finally achieve a legal right to keep using water they are now using. This will result in killing Siipa’pu, the heart of the Fourth World of Hopi Senom.

The question is, is it wise for the Hopi Tribe to continue to participate in the LCR settlement negotiations, when it was rejected by the Hopi people over a year ago? That is the question the candidates for the Offices of Chairman and Vice-Chairman must answer.

MISS INDIAN ARIZONA 57TH YEAR

For Immediate Release:
Contact: Miss Indian Arizona
928-662-6028
missindianazassoc@outlook.com

The Miss Indian Arizona (MIA) Scholarship Program has evolved into a creative, educational and cultural performance, which ignites the audience to cross barriers of time and see the way of life of our Native Nations and our people. The continued success of the Program is brought to you by the tireless efforts of the members/volunteers of the Miss Indian Arizona Association (MIAA), the Executive Director of the Association, the City of Chandler, the Tribes of Arizona, and private entrepreneurs and enterprises who have generously contributed financial support. The driving factor is that the Miss Indian Arizona Scholarship Program is a positive symbol of Indian womanhood that promotes and fulfills the promise of those who 56 years ago, foresaw the mystic and destiny of the title.

The Miss Indian Arizona Association and the Inter-Tribal Council of Arizona invites you to come out and support our young Indian women as they proudly display their talent, poise, grace and speaking ability and most importantly their tribal traditions on stage. We are proud to announce that the following young women will be carrying on the 57th year of a fine tradition on behalf of the Indian people of Arizona.

Hon’mana Seukteoma is representing the Tohono O’odham Nation. She is 21 years old and will be demonstrating how to harvest baihida as her talent.

Kaelia Mae Nash will represent the San Carlos Apache Tribe. She is 18 years old and will be telling a short story about the Circle of Life and singing an Apache song.

Mariah Jordan Sharpe, 20 years old, hails from the Colorado River Indian Tribe. She will be demonstrating how to make the Mohave cradle boards and singing a Mohave lullaby.

Lexie Michael James hails from the Hopi Tribe and is 21 years old. She will be telling a Hopi tale about the coyote as her talent presentation.

Daryan Villegas hail from the Tohono O’odham Tribe and is 20 years old. As her talent presentation, she will sing a traditional Tohono O’odham song.

This year the Association will be awarding \$9,400.00 in scholarship funds to the participants.

The 57th Annual Miss Indian Arizona Scholarship Program will be held on October 14, 2017 at 6:30 PM at the Chandler Center of the Arts. Tickets can be purchased electronically at www.chandlercenter.org. Cost of admission is \$17.00 for adults and \$7.00 for children. Chandler Center for the Arts is located at 250 N. Arizona Avenue, Chandler, AZ.

The Indian Art Mart will be held on October 14 in conjunction with the Miss Indian Arizona Program and will be located at the entrance of the Chandler Center for the Arts. For further information visit www.chandleraz.gov/indianaz.

In 2012, the Association amended the rules to allow two young ladies from each of Arizona’s 22 tribes to participate. This is the fourth time in the Program’s history where only five young ladies are contending for the title. The MIAA plans to set up meetings with Royalty/Pageant Committees, Tribes, other interested youth groups, universities and schools to provide outreach to more young Indian women. MIAA will also initiate a public relations campaign to promote the MIA Program.

For more information about the Miss Indian Arizona Scholarship Program, volunteering or donations please visit our website at www.missindianarizona.com.

Former Hopi Tribal Chairman Ivan Sidney calls Domenici a friend of Hopi

FOR IMMEDIATE RELEASE
Bertha Parker Public Relations

“We are saddened to learn of the passing of my friend senator Pete Domenici. Our thoughts and prayers are with his family,” said former Hopi Tribal Chairman Ivan Sidney. It was an honor and privilege to work with Senator Domenici on issues impacting Hopi. He always had an open door for Hopi and listened to our pleas. We have a Hopi High school today due to the efforts of Senator Domenici. At his urging legislative language was included in the 1980 supplement to the Hopi-Navajo Land Settlement Act directing the prioritization and funding of Hopi’s first high school.” “Prior to the construction of the high school Hopi students were forced to travel 160 miles a day to surrounding community schools or

were sent to schools as far away as California and Kansas City,” said Sidney. “Many parents could not afford to travel to those states to visit their children. Often our children did not see their parents until they were returned to their homes at the end of the school year.” “Senator Domenici listened to our plight and understood the need for our children to attend school near their homes where they can practice their religion, preserve their traditions, history, language, and culture,” said Sidney. “I recall the meeting with Senator Domenici on the high school and what he said “Chairman Sidney, I am committed to the welfare of all children and your high school will be funded. It is unconscionable par-

ents are forced to send their children to schools hundreds or thousands of miles away to earn an education.” He kept his word. The high school was funded and constructed. Today our students have the opportunity to attend high school on the Hopi reservation said Sidney. Senator Domenici made decisions on ‘what was right’ rather than how many votes he would gain if he voted a certain way. Hopi’s do not vote in New Mexico and there are very few of us. He voted his conscience and we will always be grateful to him for his assistance on the Hopi-Navajo Land Settlement Act. For more information contact Bertha Parker, 505-382-5449 or Bert9436@msn.com

WASHINGTON – U.S. Secretary of the Interior Ryan Zinke today announced that he has named John Tahsuda III, a member of the Kiowa Tribe of Oklahoma, as DOI’s Principal Deputy Assistant Secretary – Indian Affairs (PDAS). The appointment was effective September 3, 2017. The PDAS serves as the first assistant and principal advisor to the Assistant Secretary – Indian Affairs in the development and interpretation of policies affecting Indian Affairs bureaus, offices and programs. “I want to welcome John Tahsuda to my Indian Affairs leadership team,” said Secretary Zinke. “John possesses extensive experience in federal Indian law and tribal government, and deeply understands and respects our government-to-government relationship with tribes. He’ll be a strong leader for the Indian Affairs organization.” “I appreciate Secretary Zinke for giving me this tremendous opportunity to bring greater prosperity to tribes and their communities,” Tahsuda said. “I’m looking forward to working with tribal leaders on finding ways to make Indian Affairs programs

more responsive to their needs.” Tahsuda joined the Department from Washington, D.C.-based Navigators Global, LLC, where he was a principal. Navigators Global is a company that specializes in and offers a wide range of political services to multiple industry sectors, including financial services, insurance, energy, health care, defense, emergency management, American Indian tribal affairs, and high tech/telecommunications. He led the company’s tribal affairs practice providing clients with advocacy and counsel services on a range of tribal affairs policy issues at state and federal levels, including gaming, tax incentives, tobacco sales, land-intro-trust issues, health care, economic development, energy policy, federal recognition, and self-governance. Before joining Navigators Global, Tahsuda had served on the staff of the U.S. Senate Committee on Indian Affairs since 2002, first as senior counsel and later as staff director, where he directed policy and legislative efforts relating to Indian tribes. He also was directly responsible for federal policy and legislation affecting gaming, federal recognition, self-governance, and Indian health care. Prior to joining the Committee’s staff, Tahsuda was engaged in private practice providing legal advice and legislative counseling to Indian tribes and tribal organizations. From 1999 to 2001, he served as

general counsel and legislative director of the National Indian Gaming Association (NIGA), the Indian gaming industry’s trade association, where he monitored legislation and policy issues affecting the organization’s 180 member tribes and assisted them in their lobbying efforts. In the years preceding his tenure at NIGA, Tahsuda served the Oneida Indian Nation of New York as acting general counsel with responsibilities that included overseeing its legal needs and business enterprises. From 1997 through 2001, he also served as an adjunct professor of law at Cornell Law School where he taught courses on federal Indian law, policy and history. Tahsuda received a *juris doctorate* from Cornell Law School in 1993 and a Bachelor of Science degree from Oklahoma State University in 1990. ###

The Governor’s Office of Youth, Faith and Family launches statewide Drug and Alcohol Education Program

PHOENIX – The Governor’s Office of Youth, Faith and Family (GOYFF) kicks off the school year with the expansion of their statewide drug and alcohol education program Healthy Families – Healthy Youth (HFHY) to 53 schools across Arizona. The goal of this program is to bring seventh graders and their parents/caregivers together to develop a family prevention plan. GOYFF launched the HFHY pilot program in fall 2016, concluding with a 98 percent drug and alcohol-free commitment rate from youth and 95 percent of families establishing a prevention plan. Additionally, 92 percent of adults reported feeling more comfortable discussing the dangers of drugs and alcohol with their youth after participating in the program through a 90-day follow-up survey. “Our goal is simple, to reduce drugs and alcohol use among Arizona youth,” said Samuel Burba, Interim Director of the Governor’s Office of Youth, Faith and Family. “GOYFF will remain committed to supporting scalable programs and initiatives designed to protect Arizona youth and families.” A key element of the HFHY middle school program

is a family event night to kick-off the school year. The family event night educates youth and parents about drug and alcohol misuse, promotes prevention strategies and helps youth identify healthy coping strategies to deal with stress. Participants also have access to additional community-based resources to help facilitate ongoing support throughout the school year. In addition to the family event night, GOYFF has developed online resource centers for youth and parents, to facilitate ongoing conversation throughout the school year. Overcome Awkward, provides tips and meaningful conversation starters. [I’ve Got Something Better](#), serves as a resource for youth to discover something better to do than using drugs and alcohol. A third resource, [Re-thinkRx](#), is geared toward educating parents and teens about prescription drug abuse. To learn about the HFHY middle school program in your community, please contact your county superintendent’s office. For general information about GOYFF and HFHY, please contact the Governor’s Office of Youth, Faith and Family at 602.542.3423.
