Hopi Chairman Visits Hopi Language Class

Louloua Nahsonhoya
Hopi Tutuveni

Chairman Herman H. Hananieh (C) poses with Miss Anita Poleahla’s Hopi Language Class.

The Hopi language will not die out soon if it is not taught and learned. Therefore, Poleahla has an important task and mission to accomplish. Poleahla has a passion and urgency to teach the Hopi language. She continues to develop teaching tools and curricula to make it easy and fun to learn. She enjoys her students as much as they enjoy her instruction.

Wendi Lewis
Moenkopi Developers Corporation

"Congratulations to former MDC Food Corps Service Member Lauren Burke on her award winning essay submission to the Victory Growers Award Contest," said Moenkopi Developers Corporation Project Manager/Program Director (The Run Strong) Wendi Lewis. "While Lauren spent only one year working with MDC, her work on food securities in our community has definitely made an impact. We want to thank Lauren for her thoughts, and interesting observations that prompted her to write this award winning essay."

The MDC food securities program is funded through a grant by the Food Nutrition Development Institute’s Nourishing Native Children. The program implemented the Take & Make healthy food packs to students at Moencopi Day School. This program covers the areas of parent & children intervention, local and traditional food use, and student gardening & farming education. The children of Randall and Hope Posas-Wungnema cordially invite the public to join them on Saturday, October 7th for the screening of "W is for Wungnema," a presentation detailing the family’s many and varied masonry projects throughout Northern Nevada and Northern California.

The Wungnema family members are Native American Hopi stonemasons who built many of the pink stone buildings in Carson City and on the Stewart Campus using Rhyolite from the family’s numerous quarries. The family also built many of the commercial and governmental buildings in Carson City, including the gates at the Lone Mountain Cemetery, the Multi-Purpose Athletic Center (MAC) and the Burton and Pearl Talas-Wungnema House in Mills Park.

For the past 80 years, this family of Hopi stonemasons has made significant contributions to Northern Nevada’s economic and cultural development. Some people consider their trademark pink stone buildings to be artistry in stone. Evelyn Wungnema-Larkin, spokesperson for the family, noted that, “As we drive around Carson City, we can still see the wonderful stonework of our forefathers and we would like to share, with our community, the beauty that we see. Our family is excited to share our history in stone with the public and we hope that everyone can attend and share this special day with us.”

The patriarch of the Wungnema Family, Ernest, came to Nevada in 1937, when he was recruited by then superintendent of the Stewart Indian School, Frederick Snyder, to work and train others as stonemasons at the school.

Sherry L. Rupert, Executive Director, Nevada Indian Commission, stated, “...These stone buildings are unique to the Stewart Indian School, setting it apart from other Indian boarding schools and making Stewart a centerpiece for the state and the nation. The work of the Hopi stonemasons, and specifically that of Ernest and Randall Wungnema, is exceptional. These buildings still stand and serve as a testament to the craftsmanship of the masons and the Stewart students they trained. The Nevada Indian Commission is committed to preserving the buildings and Stewart campus for future generations.”

"W is for Wungnema" is collaboration between the members of the Wungnema-Talas families and Lee Ann Keever. The children of Randall and Hope Posas-Wungnema gave Keever the sole and exclusive rights to create and produce this presentation. The family members and Keever, with the assistance of Sandie Nicholson, have been working together for the past 10 months, documenting the family’s masonry projects and history in Northern Nevada, Northern California and beyond.

Keever said that she was "honored and thrilled" to have worked with the Wungnemas and Nicholson on this project, which is of "significant historical importance to Northern Nevada, especially to the residents of Carson City.”

"W is for Wungnema" will be held at the Stewart Baptist Community Church at 5401 Skyline Avenue in Carson City. The church, located on the grounds of the Stewart Indian School, was specifically selected as it was built by Ernest, Randall and Burton Wungnema. There will be a potluck brunch social at 11:00 a.m. Those attending are encouraged, but not required, to bring their favorite side dish to share with the other attendees. The presentation will start at 12:30 pm and will be held in the church proper.

For additional information, contact either Sandie Nicholson at 775-315-2613 or Lee Ann Keever at 775-230-1424

The Hopi Tribe has reached a historical low point regarding its finances. Peabody Coal Mine has already filed bankruptcy and with the impending closure of the Navajo Generating Station, our Hopi Sims have every right to express concern for the region’s future. This year, 2017, has been a particularly difficult year for Hopi children, as many children struggle with hunger due to the loss of a traditional diet, and unrealistically high energy bills have decreased our financial means for the past 10 years. Hopi Tribal Council should either be limited to two terms, or term limits may be used. With wages, to beg for their pay off their own. Task Teams must have goals, objectives, and the ability to accomplish their assignments.

There are a number of small business ventures I have experienced which can be accomplished within a 26-30 month period, provided the Council will allow revenue to used to establish these new ventures. Unfortunately, this will not solve the entire financial crisis.

A more structured financial option of revenue which will strengthen our Hopi economy as well. However, this will not be a deterrent to us. As a FoodCorps service member, rates of child hunger on Native American reservations are high compared to other areas in the country. On the 2,500-square-mile Hopi reservation, our children are not getting enough to eat. Our own children are hungry. To be honest, I have noticed an obvious, inherent underservice of the people. We, as non-Hopi, the significance of Hopi children the full significance and value are all being undervalued.

As a national organization, FoodCorps is well known and respected for their capacity to affect lasting change. They have offered native-led nutrition- and food-focused programs and specific timelines to accomplish their assignments. Funds currently being received from the royalties must be explored which can be accomplished within a 28-60 month time frame, provided the Council will allow revenue to be used to establish these new ventures. **THE TWO (2) AVAILABLE POSITIONS ARE FOR HOPI/TEWA TRIBAL MEMBERS**

The HTEDC is a legal entity wholly owned by the Hopi Tribe. The HTEDC is established under federal charter provisions making it distinct and separate from the Hopi Tribe. A board of seven directors governs the HTEDC. The Board is appointed by the Hopi Tribal Council, representing the sole shareholder, either a three or four-year term.

All Directors must meet the required qualifications as set forth in its By-Laws and must pass a mandatory background check. If you are interested and want more information please contact Lynnora Mahle-Talayumptewa by phone at 928-522-8675 or e-mail at lmahle@htedc.net or regular mail.

This packet includes information about the HTEDC and its mission, as well as information about the roles and responsibilities of a Board of Director member. Calls for more information are welcome.

Board positions will remain open until filled.

Editor,

I wish to share some brief observations on the current Hopi Tribal elections for the offices of Chairman and Vice Chairman of the Hopi Tribal Council.

First, the total vote count in the primary was not surprising. The Hopi Tewa Community has again shown clear disinterest in this tribal government. We have again indicated a lack of confidence that the Hopi Tribal government will serve our needs.

There are some serious issues we have. Jobs are very scarce here on Hopi. No significant economy has developed. We continue to struggle with low performance in our educational efforts. Our high school graduates leave school without at least some entry level skills to seek work. Motivation amongst all of us is very low. We continue to make criminals of our members who chronically abuse alcohol because we do not want to recognize the abuse as a disease.

As our neighbors, the Navajo Tribe make major strides around us, we seem to make true their words, “Hopeless Hopi.” We need to borrow some of their actions to improve our government. For example, our tribal council consists of too many wasteful members. This number matches the Navajo Tribe’s council membership which represents many more times the population that the Hopi Tribal Council represents. That tribe’s interest to pursue vocational training for their youth and others, has benefitted their membership.

Let’s pursue housing in cities where our people find work so that they do not need to pay exorbitant rental and housing fees such as in Flagstaff, Window and Phoenix. I know that we now have higher credentialed individuals such as Ph.D’s and Master level college graduates. At least with those facts, it would seem that we could be doing better.

My last comment is that I do not know who the candidates are for this Hopi Election. I saw their names to be candidates, but I did not remember ever hearing from them on what issues they raised prior to declaring their candidacy. Therefore, I don’t know who they are.

Perhaps we could have an interesting election by writing-in our choices for those offices.

Hopi Resource Enforcement Services to host
Coffee with a Cop on Oct. 4
Program offers opportunity to meet local officers and discuss community issues

Hopi Resource Enforcement Services

Hopi Resource Enforcement (HRES) officers/rangers and community members will come together in an informal, neutral space to discuss community issues and build relationship, drink coffee and eat pastries.

Coffee with a Cop provides a unique opportunity for community member to ask questions and learn more about the department’s work on the Hopi Reservation. The majority of contacts law enforcement has with the public happen during emergencies, or emotional situations. Those situations are not always the most effective times for relationship building with the community, and some community members may feel that officers are unapproachable on the street. Coffee with a Cop breaks down barriers and allows for a relaxed, one-on-one interaction.

Officers and community members will feel comfortable to ask questions, bring concerns, or simply get to know our officers/rangers,” said Ranger Virgil Pinto. “These interactions are the foundation of community partnerships.”

Coffee with a Cop is a national initiative supported by The United States Department of Justice, Office of Community Oriented Policing Services. Similar events are being held across the country, as local police departments strive to make lasting connections with the communities they serve.

The program aims to advance the practice of community policing through improving relationships between police officers and community members one cup of coffee at a time. All community members are invited to attend. The event begins at 7 a.m. on October 4, 2017, at 2 locations, Polacca Circle M and Kykotsmovi Village Store.

FOR IMMEDIATE RELEASE
Office of the US Attorney
Elizabeth A. Strange, District of Arizona
Public Affairs, Cosme Lopez 602.514.7694

PHOENIX, AZ - Hale Nahsonhoya, 22, of Mesa, Ariz., and a member of the Salt River Pima-Maricopa Indian Community, was sentenced by U.S. District Judge Steven P. Logan to 20 months in prison followed by five years of supervised release on Sept. 19, 2017. Nahsonhoya had previously pleaded guilty to second degree murder and aggravated assault.

The case involved Nahsonhoya driving his vehicle with extreme, reckless disregard for human life, causing a multi-vehicle crash. As a result of Nahsonhoya’s actions, one man, who was driving his car to church broadcast practice, was killed instantly. A woman in a third vehicle was seriously injured, hospitalized, and suffered long-term injuries.

This incident happened on a busy intersection on the Salt River Indian Reservation, McKellips and Longmore Roads in Scottsdale, Ariz. At approximately 4:45 p.m., in rush hour traffic, Nahsonhoya was driving his vehicle with his juvenile brother as a passenger. Nahsonhoya had a blood alcohol content of over .215. He was driving in excess of 85 MPH in a 35 MPH zone. Just before the crash, Nahsonhoya sped his vehicle to ignore his wife’s attempt to stop him and drove head-on into another vehicle.

The wife of the deceased victim came to court and paid tribute to her husband of 30 years, highlighting for Judge Snow her husband’s kind-hearted, selfless, and loving life. She explained to Judge Snow the devastation caused by her husband’s death.

The investigation in this case was conducted by the Salt River Police Department.

The prosecution was handled by Heather Seehart and Sharon K. Sexton, Assistant U.S. Attorneys, District of Arizona.
