Hopi voters went to the polls to cast their votes for a new Hopi Chairman and Vice Chairman, in the November 9 General Election.

Timothy L. Nuvangyaoma from the Village of Mishongnovi defeated opponent David N. Talayumptewa, Tribal Council Representative from the Village of Kykotsmovi, in the race for Chairman of the Hopi Tribal Council.

Clark W. Tenakhongva, from the Village of Hotevilla defeated Lamar B. Kevvama, Tribal Council Representative from the Village of Bacavi, for Vice Chairman.

After polls closed on Nov. 9, ballots were

opened and counted at the Hopi Day School in Kykotsmovi, AZ.

Early on in the count, Nuvangyaoma held a strong lead over Talayumptewa with votes from most precincts going in his favor, as well as votes from early and absentee voters. Nuvangyaoma received the top votes at 60.15% and Talayumptewa at 39.85%, declaring victory for Nuvangyaoma as Chairman elect.

In the race for the seat of Vice Chairman, Tenakhongva received 59.13% votes over Kevvama's 40.87% votes.

Both elected leaders have never served on

the Hopi Tribal Council before and come with fresh, new ideas.

Nuvangyaoma and Tenakhongva will take their oath and be sworn into Office by Hopi Court, Chief Judge Karen Pennington on December 1, at 9am in the Hopi Tribal Council Chamber. They will immediately assume their seats, as Chairman and Vice Chairman of the Hopi Tribal Council, for a term of four years.

Council approves A new vision for Hopi Education

Hopi Tutuveni

For nearly half a year, the Budget Oversight Team (BOT) diligently worked on preparing a FY2018 General Fund budget to present to the Tribal Council for approval, considering all factors, including the directive to cut the 2018 budget by 12% of the 2017 base budget. In October, the BOT presented a budget to the Council for consideration.

After still further reviews and hours of more meetings, the Council approved the FY2018 General Fund Operating Budget and the Expenditure Authorization and Appropriations Language in the amount of \$17,290,980.00 on Nov. 8, 2017. Excerpts from Resolution H-115-17, reads: "all expenditures from the Hopi Tribe's Fiscal Year 2018 General Fund Budget shall be in strict accordance with the Fiscal Year 2018 Expenditure Authorization and Appropriations Language, which is hereby approved, attached here-

to and incorporated in this Resolution."

"The Treasurer of the Hopi Tribe is authorized to prepare and submit the required SF 1034's for the twelve (12) month period to the Bureau of Indian Affairs in order to draw down from the unrestricted Proceeds of Labor Funds, (which are part of the projected Fiscal Year 2018 General Fund Budget Revenues) in the amount of \$14,333,154.00 with each month draw-down in the amount of \$1,194,429.50 the remaining amount of \$2,957,826.00 will be drawn from various revenue accounts identified on the FY 2018 General Fund Revenue Projection sheet."

"The Tribal Treasurer is authorized to expend said funds in accordance with the approved Hopi Tribe's Fiscal Management Policies."

FOR IMMEDIATE RELEASE
Dr. Noreen Sakiestewa
Hopi Department of Education

The Hopi Tribe, through the Department of Education, and in collaboration with the Hopi Tribal Council, the Hopi Board of Education, and School Administrators and Leaders, are leading the effort for our stakeholders to envision an educational system that will educate and prepare our youth for the 21st Century.

A Tribal Education Department (TED) grant was funded to the Hopi Department of Education from the Bureau of Indian Education, and with this funding, the Hopi Tribe contracted with Public Works, LLC, one of the leading firms in the country carrying out reviews of educational policy, programs, performance, curriculum, and organization. There were a number of competitive proposals, and Public Works stood out because they have had decades of experience in performance reviews, education policy, and community engagement, including previous education work with Indian tribes, including North Dakota, Alaska, and Utah. The Public Works team includes professionals with extensive careers in education, administration, community

building, and public section.

Public Works, LLC, visited the Hopi reservation (November 6-9, 2017), to meet with school administrators, school board members, school staff, and community members to learn our thoughts and concerns about our current educational system, as well as our hopes, aspirations, and vision of our school system.

Community engagement is an important part of this project and we are committed to ensuring that everyone has a voice in these important conversations. As part of this effort, four different surveys will be distributed to (1) administrators and teachers, (2) Hopi school(s) parents, (3) high school students, and (4) community members (on and off-reservation). **Now is your opportunity to have an impact on the vision of education by completing a survey.**

You may contact Dr. Noreen Sakiestewa at (928)734-3501 or NSakiestewa@Hopi.nsn.us or Mrs. Judy Youvella, at (928)734-3503 or JYouvella@Hopi.nsn.us for the survey or to learn more of the project and the ways you can participate.

AVID elementary program prepares students for their future

Stan Bindell
Hopi Tutuveni

Sixty Advancement Via Individual Determination (AVID) students from Keams Canyon Elementary School visited Hopi Jr/Sr High School Nov. 13 to learn about the AVID program at HJSHS. This is the first year for AVID at KCES, which now has AVID classes for the third through sixth graders.

AVID is a program for college bound students and helps students with study skills by showing them everything from taking notes to organizing their work.

Several of the AVID students were also interviewed by Hopi High School print journalism students.

Renee Paxson, who teaches the 21 third grade AVID students at KCES, said she teaches the WICOR method which stands for writing, inquiry, collaboration, organization and reading. She said these 21st Century skills include note taking and three inch binders where students organize the work from all their subjects.

Leroy Thomas, the sixth grade AVID teacher, said

he appreciates the binders, the reading and the Cornell note strategies that come from AVID. He said his students learn E.Q., which stands for essential questions when they have a lesson.

“This provides a learning goal and they make it into a question,” he said. “It’s higher level thinking that gets students to generate questions.”

Kimberly Thomas, lead teacher, said she taught fourth grade AVID this year when KCES started out the school year without a fourth grade teacher. She likes the AVID program because it involves a lot of writing. She said another teacher is leaving the fifth grade so she will be taking over that AVID class. She said AVID is a great network because AVID teachers share a common language.

“I want to see AVID used in all the schools,” she said.

Diane Albert, who became the fourth grade AVID teacher shortly after the beginning of the school year, said she

wishes AVID was in more schools because it’s a beneficial program. She said AVID showed the students that they are never too young to take notes.

“AVID is learning to observe and then sort out the information,” she said.

Paxson said the KCES students were also excited to take a tour of HJSHS. She said AVID improves students’ assessment scores.

“It’s about being successful students,” she said.

Laurel Poleystewa, academic advisor at KCES, said the elementary school students are learning skills that the high school students should already have. She said AVID teaches students to not lose notes and how they should study for tests.

Paxson said she learned about AVID from Poleystewa who previously worked as an academic counselor at HJSHS. Paxson said her son Alan, now a sophomore, has been in AVID since the seventh grade.

“I had exposure as a parent about how AVID is

the best program for motivating students,” she said. “AVID infuses the best practices of teaching to make learning fun. If they don’t know something it becomes a goal to learn it. It’s building a mindset for students to do what they want.”

The KCES AVID program earlier this year visited the Northern Arizona University engineering program so the young students could see what that program was like. They also visited Laguna Elementary School in New Mexico so KCES students could see how AVID worked there.

Paxson said AVID should raise test scores and grades. This is Paxson’s third year at KCES. Before that she taught at First Mesa Elementary School for 12 years. She is a graduate of Hopi High School and earned her BA in elementary education from NAU.

“I’m excited to be a part of AVID,” Paxson said.

Message from Chairman-elect
Timothy L. Nuvangyaoma

“Hopi/Tewa Sinomuy!! Pay nu uh, Chairman-Elect Tim Nuvangyaoma. Kwakwa iitam ah kuyvaya!! Pay haapi nu halayi angkeh uma sinom yan nuy pa’angwayah. Pay haapi ovii ahne toqti, sinom haapi lolomat nahnahwaknayah. Yahpi’ngwat iitam umuy sinmuy wuwankyang umungem tumalaytani.

Thank you to all the Hopi/Tewa Sinom, both on and off the reservation, that supported my message of the need for positive change for our people and our villages. The results of this election are a clear message sent by the people that positive change is what they want, and cannot go ignored by the administrative offices, and most importantly, the Hopi Tribal Council.

The Office of the Chairman, Vice Chairman, the Hopi Tribal Council, and the Hopi/Tewa Sinom face some huge challenges. At this juncture, it is critical that we all come together to be part of the solution instead of part of the problem. The Chairman’s office is committed to working in tandem with the Vice Chairman’s office, and together, will take on the challenges we face. I go into my term confident and optimistic that our community will overcome the many challenges we face.

My interest in petitioning for Chairman was based on real-time concerns of our Hopi/Tewa people and the land that was gifted to us at the beginning of our time here. A few of the concerns echoed locally and from sinom off reservation are: our financial outlook, protection of our tribal lands and water rights, education, and social/behavioral problems. My staff and I are committed to actively pursue viable solutions to the issues we face as tribe. In addition, we are committed to positive forward momentum, to truly hear the voices of our community and let them know they are being heard, to rebuild and strengthen the relationships amongst one another and our tribal government, and to strengthen our economy and infrastructure out here on Hopi. I maintain my position on empowering the Hopi/Tewa Sinom and the Villages.

Since the time I submitted my letter of interest, one thing has changed. I have become more educated regarding issues we face. This is all thanks to the support I have received from our local and extended community. There is still much more to learn and I embrace the opportunity to continue to learn and listen to our community members.

As Chairman-Elect, I call on our community to get involved so that WE, TOGETHER, can find the solutions to address some of these issues.

In conclusion, I’m still just a Hopi guy who cares deeply about his community and has a strong desire and passion to do what’s in the best interest for the future of Hopi.

Hopi Tribal Council Chamber

Letter to the Editor

Dear Editor,

During the past year it has become known that ineffective quality and uniformed leadership has brought about an investigation at Moenkopi Day School. The investigation has been completed. Change in leadership has occurred through resignation.

An investigation was directed to MDS through the Hopi Tribal Council. On July 26, the Hopi Tribal Council did hear testimony from students (grandparents) and staff who were adversely affected by actions and issues at MDS. MDS was directed by the Hopi Tribal Council: That certified teaching staff, whose contracts were non-renewed and had satisfactory evaluations, were to be hired for the 2017-2018 school year. The current MDS Governing Board has not followed the directive of the Hopi Council. Certified staff has been replaced with non-certified teachers. Security was to be rehired.

MDS Governing Board is relying on the school lawyer to defend the board from the completed Recall initiative. On August 10, notice was provided to the MDS Election Commission Chair for a pending Recall Petition Drive. The Election Commission Chair of MDS is charged with validating or denying the recall petitions received.

The Recall Petition was completed and turned into the Election Commissioner Chair on August 23. During the verification process, the recall process was turned over to the school lawyer. 9 weeks have now passed since August 23. In the 2nd week of October, the school lawyer said she would complete her letter and have it in the mail by October 13. Three weeks have since passed, with no letter from the lawyer or the Commissioner.

The Recall Petition time lines are written in policy. Since August 23, 2017, petitions were submitted. No word from either the lawyer or the Election Commissioner. Is this not delaying or not honoring the Demand of the voters from MDS? Ten weeks is far past board policy of 10 days.

The Concerned Citizens of Moencopi Day School have no lawyer, only our Word. We joined forces to address the WRONGS being brought about by the leadership of MDS. We TRUST that if your children were being mistreated, you would speak up. If this were your son or daughter, your wife or husband you would speak up. Be the guardian to stand for your family. Thank you for your interest.

Kwa Kwai!

Message from Vice Chairman-elect
Clark W. Tenakhongva

“Kwa kwah, thank you to the 1600+ people who came out to vote in the Nov. 9 election. The results showed a big difference from the primary and I’m still trying to come to reality about the results. I am honored by the 59% plus votes I received. Thank you to all the Hopi people who came out to vote.

I thank my opponent Lamar Keevama for a good, clean campaign. We had good debates at the public forums and meetings, and many good points were brought out.

I also want to thank the younger generation who supported and encouraged me to run. I thank them for their ideas and opinions of what they would like to see in the future for our people. We have highly educated and talented young Hopi individuals; many who have left the reservation in pursuit of an education or training and continue to live off the reservation, because of job security. Once they become trained and educated, there are no jobs to return to on the reservation. I encourage all young people on and off the reservation to strive for a successful life.

Today there are many challenges and issues we face as a Hopi Tribe: the dilemma of our tribal budget, our coal revenue, water issues, and the list goes on.

My #1 priority is Education; this is what I campaigned on. Our schools, from Moenkopi to Keams Canyon, need to be aligned with one common standard. With a common standard and goals, we can provide a quality education to our children while still maintaining our language, Hopi lifestyle, customs, and traditions. These young people are our future leaders and we need to prepare them to be successful. I am looking at a young Dartmouth graduate, as a potential staff member, who will take the lead in Education, business and other areas as assigned.

Another area I want to focus on is, our culture and cultural resources. I will work with the Cultural Preservation Office (CPO). I have already met with a staff member with knowledge of their priorities. Leigh Kuwanwisiwma, long-time Director, will soon be leaving and someone will be hired to take his place. There are many important issues CPO is involved in: Little Colorado River, the Grand Canyon issue, Chinle and Bears Ears; we will continue to lobby on these issues.

A short-term goal is economic development; especially, to visit the three canyon ranch operations. What are they doing? What is the actual revenue they bring to the Tribe? As a rancher and former President of the Hopi Livestock Association I am knowledgeable of range management, marketing and priorities of our Hopi ranchers. I can share our priorities with the 3 Canyon Ranch staff to yield a good product and better financial returns.

I will meet with Councilman Keevama and the Economic Development Team for an update on the investment of properties we purchased. What are the returns? I will also look at the I-40 corridor studies, from Twin Arrows to Holbrook, which was done in 2012. I understand there has already been some planning, and sites have been identified, where properties could be established. We need to act quickly to bring in new revenue for the Tribe.

Council needs to take a proactive approach to bring in new revenue, which should have been done 10 years ago. We have failed our people. Because of the decline in revenue, we are penalizing our tribal employees with a 12% budget cut and possibly cutting work days to 3-4 days, which will have an adverse effect. If we are cutting salaries for employees, the same should apply to Council reps. Perhaps we should consider only 2 representatives per village to serve on Council. Council only meets 8 days out of the month; unlike regular employees, who work five days a week. I am happy about the 638 and grant/contract programs. These programs apply for grant funding to run their program operations and should not be penalized by the Tribe.

An old Hopi saying from Old Oraibi says *eventually the council will go rotten or stale*. I think we are there now. We have not been productive in the last eight years. It is not too late to become proactive and start providing deliverables to benefit our Hopi/Tewa sinom.

Nuvangyaoma and I have made a commitment to work together, as officials elected by the Hopi/Tewa people. We hope the Council does not separate the two offices, as has happened in the past. According to my understanding of the Hopi hierarchy, the people are on top, the Council, then the Chairman and Vice Chairman. I will take my oath, remembering the people and the land that the creator gave us.

In the Hopi way, it is during this time that we start a new cycle and the regeneration of life. My Hopi/Tewa Sinom, I wish you a prosperous, happy and healthy life.”

Kwakwah,
Vice Chairman-elect Clark Tenakhongva

(Editor’s Note: Table of Contents not included in this publication. A complete version of the 2018 Expenditure Authorization & Appropriations Language is available at the Office of the Tribal Secretary)

INTRODUCTION

Tribal Fiscal Management Responsibility:

As the governing body of the Hopi Tribe, the Hopi Tribal Council holds constitutional authority to manage the economic affairs of the Tribe through raising and dispersing Tribal funds for the welfare of the Tribe. (See Constitution and By-Laws of the Hopi Tribe, ARTICLE VI, SECTION 1 (e) and (f)).

General Fund Budget Development Process:

The Budget Oversight Team (BOT) is identified in Section IV of the Hopi Tribe’s Fiscal Management Policies and consists of the following: Chairman, Vice Chairman, Tribal Treasurer, Tribal Secretary, Executive Director, Finance Director, Community Services Administrator, Regulated Entities representative, Hopi Tribal Court representative, and alternate members of the team. The task of leading this effort was delegated to the Vice Chairman. This work is supported through Hopi Tribal Council resolution H-073-2011, that calls for those listed program/department/personnel representatives to participate in meetings, work sessions and presentations all with the goal of developing a final budget.

Hopi Tribal Council directed BOT to complete a proposed FY 2018 budget with an 8% reduction from the FY 2017 approved budget. This reduction was not to be “across the board” for all General Fund programs, it is based on the “bottom line” (Total Budget) of FY 2017. (See attachment “A”)

Hopi High School held its first coffee house of the school year Nov. 16 in the cafeteria. The idea was to show off the skills and talents of students in the various programs. The advanced guitar class performed, students displayed art work, students read poetry and the computer graphic arts class also showed off their work. Some of the guitar students performed solos such as Stacy Charley’s rendition of “50 Ways to Leave Your Lover.” “Don’t get any ideas,” Charley told the audience. Amber LaBahe not only performed with the guitars, but read a poem she wrote for Blue Jirak’s English class. Hailey Kardell performed her rendition of Elton John’s “This is Your Song.” The guitar class finished with their stunning tune of “LaBamba.” Emma Talashoma’s cooking class provided coffee, hot chocolate and pastries for the audience. About 50 parents, friends and students attended. Charley said the idea of the coffee house was to bring the school together. “We wanted students to show off their talents and passions,” he said. Labahe said the coffee shop went well and gave her life. She said the coffee shop was a chance for the students to show their parents about their serious passions. “It was mainly for the entertainment for the public and a time for the advanced guitar group to show their dedication,” she said. “The public was great. I mean they made me feel so relaxed. The crowd applauded so much. “It’s not just something we have to do. It’s something we want to do,” she said. Kardell said the coffee shop was fun and went well. She said the best part of the coffee shop was the snacks. She said the coffee shop could be improved by having more students participate.
