Memo

To: Hopi Tribal Programs, Villages, Communities and Collaborating Partners

CC: Royce Jenkins, Director - *Royce Jenkins* Department of Health & Human Services

From: Madeline Sahneyah, Public Health Compliance Officer *Madeline Sahneyah*

Date: March 16, 2020

Re: CANCELLATION OF HOPI SPAY-NEUTER CLINIC

The Hopi Spay-Neuter Clinic scheduled for March 28 & 29, 2020 in Shungopavi Village is hereby canceled until further notice. Although there are no known reported cases of Coronavirus (COVID-19) on the Hopi reservation as of this date, the Public Health Compliance Program (PHCP) is exercising discretion to cancel this event due to the increasing spread of COVID-19 in Arizona.

The PHCP is in agreement with Hopi Tribal Chairman Nuvangyaoma's March 12, 2020 memo regarding limitation on Tribal staff travel. We also agree that the health and well-being of the Hopi People and that of our traveling collaborative partners is of utmost importance. Thus, we feel cancellation of the clinic at this time is in order. Thank you for your understanding.
