

August 31st

International Overdose Awareness Day

Celebrate the loved ones gone too soon by lighting a candle, wearing purple, sharing your memories, talking to others or other ways to celebrate your loved ones life.

Join millions of others throughout the world by supporting your loved ones who were victims of an overdose.

Overdose, whether intentional or not, hurts those that were close to the victim.

If you know someone who is addicted or may be using drugs, help them get help.
Educate someone on the dangers of Drugs and Drug Overdose OR Educate Yourself
AND

Remember to keep all medications locked up and out of reach.
Dispose of old, unused medication at your Health Care or Prescription Drug drop boxes.
